MESSAGE

It is a pleasure to learn that Labour Bureau is to release the New WRI Series on Base: 2016=100, replacing the existing series on base 1963-65, a 5 decade old index. This present report provides a comprehensive detail of key concepts, definitions, methodology and the index numbers computed for the New WRI Series.

WRI is a vital economic indicator that measures changes in the wage level in selected industries. The new series on WRI has been compiled on half year basis as against the annual in the existing series. WRIs, in respect of Thirty Seven Industries (Thirty industries under Manufacturing Sector, Four industries under Mining Sector and Three industries under Plantation Sector), include the time period between July 2016 and July 2020. The New WRI Series would be point-to-point, half yearly, with reference date as 1st January and 1st July of every year.

I appreciate the officers and staff of Labour Bureau who have worked towards this enormous exercise of collecting and compiling the index numbers under one umbrella.

I sincerely hope that this report will prove to be highly useful to the various stakeholders in gaining a better understanding of the subject. Also, the robust index numbers from WRI exercise will help us in building better policies. This would ensure that the Government is able to provide better support for the wage earners in general and the deprived section in particular.

MESSAGE

A progressive and realistic wage policy is instrumental in attaining social and economic justice. This necessitates elimination of exceptionally low wages, reduction in wage differentials and protection of wage earners from the effects of inflation. For formulation of such wage policy, scientifically collected and reliable wage data is a prime requisite.

The first step in this direction towards such data collection was taken by the Ministry of Labour & Employment by entrusting the Labour Bureau, an apex organization of the Government of India with the task of wage data collection. This resulted in the first round of Occupational Wage Survey (OWS) in 1958-59. Since then, the Labour Bureau has conducted seven rounds of survey on wages. The objective of such survey is to disseminate information relating to wage rates and average earnings of workers in different occupations across selected industries. The data disseminated through the conduct of the OWS is also used for building up/updating the weighing diagram of the Wage Rate Indices (WRI) being computed by Labour Bureau on annual basis. Various Reports of earlier OWS rounds and Wage Rate Indices are available in the public domain. However, this present series is immensely important as this is the first time the base year of WRI is being updated after 1963-65=100. The new base year is 2016=100 (as on 01.07.2016).

I sincerely anticipate that this WRI series shall enhance the understanding of the wage rate variations across sectors and occupations and shall provide necessary inputs to all researchers and stakeholders in understanding the situation of the labour market and appreciating the index number methodology.

Yours sincerely

Message

It gives me immense pleasure to know that the Report on New WRI Series is getting released. This report provides a comprehensive picture on construction and compilation of Wage Rate Index with base updated to year 2016.

The New WRI Series report on thirty seven industries presents point-to-point half yearly Wage Rate Indices, Average Daily Absolute Wage Rates and Real Wages at 2001 prices by Occupation, Industry and All India level from July 2016 to July 2020. The Report also partially meets the obligations under Article 8 of Part-II (Average Earnings and Wage Structure & Distribution) of the ILO Convention No. 160 on Labour Statistics. I hope that the data presented in this Report would prove to be useful to all the stakeholders.

I take this opportunity to express my gratitude to all concerned for extending their whole hearted cooperation and help to the field staff of Labour Bureau in timely collection of current wage data. Without their active cooperation, it would not have been possible to construct this series. The officers and staff of the Bureau also deserve praise for the hard work put in by them in the planning and execution of the series as well as in preparation of the present report. I hope this report will prove to be useful to the national and international policy makers, planners and researchers.

MINISTRY OF LABOUR & EMPLOYMENT
GOVERNMENT OF INDIA

MESSAGE

The workforce of our country is our most prized resource and the main pillar of our nation's progress and strength. The Government is committed to ensuring improving the quality of life of all citizens. Speedy and sustainable economic growth goes hand-in-hand with the well-being and prosperity of the working-class citizenry. Employment is not just a means a livelihood, it is also a means to enable self-discovery and self- development. It is now a globally recognized fact that availability of reliable and robust data can help take economic thinking, planning and policy implementation towards greater economic development of all. With this aim, Government of India had constituted various Commissions and Committees, viz., Royal Commission on Labour (1931), Labour Investigation Committee (1944-45) and various wage fixing authorities to look into the subject of wage rates in the industrial sectors. Almost all such Commissions and Committees had critically commented on the absence and inadequacy of wage data for different occupations in the industries.

Labour Bureau, an apex organization of Government of India has been mandated, inter-alia, to conduct a nation-wide Occupational Wage Survey (OWS). The objective of the survey is to disseminate information relating to wage rates and average earnings of workers indifferent occupations in selected industries. The data disseminated through the conduct of the OWS is also used for building up / updating the weighting diagram of the Wage Rate Indices (WRI) being compiled by Labour Bureau on annual basis.

The results of OWS (Seventh) Round are presented in ten reports and are available in the public domain. The New WRI series is of utmost importance as this is the first time the base year of WRI is being updated after 1963-65=100 (as on 01.07.2016). Further, estimated total wage bill has been used as weights at sector/ industry/ All India level. Whereas, estimated employment has been used as weights at occupation level. It is first of its kind till now in the country.

This series and statistics through WRI exercise are devoted for the welfare of the working-class population. The success of these indices will be a harbinger of improved and targeted policies for our country's labour force.

PREFACE

A progressive and realistic wage policy is instrumental in attaining social objectives such as the elimination of exceptionally low wages, reduction in wage differentials and protection of wage earners from the effects of rising prices. For formulation of such a wage policy, availability of scientifically collected and reliable wage data is a prime requisite. The first step in this direction was taken by the Ministry of Labour & Employment by entrusting the Labour Bureau to conduct the first round of Occupational Wage Survey (OWS) in 1958-59. Since then the Labour Bureau has conducted seven rounds of the survey. During these surveys, a multidimensional wage structure has been analysed in selected industries and a composite wage spectrum was obtained, throwing adequate light on occupational wage differentials in payroll earnings. Subsequently, Wage Rate Series was constructed on the basis of results of Second Round of OWS and compiled regularly on an annual basis.

The New WRI Series (Base: 2016=100) report, on Thirty Seven Industries (Thirty Industries under Manufacturing Sector, Four Industries under Mining Sector and Three Industries under Plantation Sector) presents point-to-point half yearly Wage Rate Indices, Average Daily Absolute Wage Rates and Real Wages at 2001 prices by Occupation, Industry and All India level from July 2016 to July 2020. I hope that the data presented in this Report would prove to be useful to the users and meets the obligations under Article 8 of Part-II (Average Earnings and Wage Structure & Distribution) of the ILO Convention No. 160 on Labour Statistics.

The Technical Advisory Committee headed by Dr. G.C. Manna, Ex-DG, CSO has put in lots of efforts in finalizing technical details regarding construction of New WRI Series and also, in bringing out the report. I sincerely express my gratitude to Dr G.C. Manna and the members of the Committee.

I take this opportunity to express my gratitude to all concerned organisations of both employers and employees of the Thirty Seven Industries at different places for extending their whole hearted cooperation and help to the field staff of Labour Bureau in timely collection of current wage data. Without their active cooperation, it would not have been possible to construct this series. The officers and staff of the Bureau also deserve praise for the hard work put in by them in the planning and execution of the series as well as in preparation of the present Report.

Suggestions for further improvement in the WRI report are welcome.

I.S. Negi

VIII	List of Officers/Officials Associated with the Occupational Wage Survey Report	432

MAIN FINDINGS OF THE SURVEY

The important findings of the Wage Rate Index Series conducted for the Thirty Seven selected Industries are given below.

INTRODUCTION

1. The Wage Rate Index Series has been revised from 1963-65=100 to a new base year, as recent as 2016=100.
2. The results of Occupational Wage Survey (Seventh) Round provided inputs for preparation of weighting diagram of New WRI Series.
3. The New Wage Rate Index (WRI) Basket covered Thirty Seven Industries categorized as Thirty Industries under Manufacturing Sector, Four Industries under Mining Sector and Three Industries under Plantation Sector.
4. The New WRI basket (2016=100) has enhanced scope & coverage in terms of occupations and industries as compared to Old WRI Series (1963-65=100). Sixteen new Industries have been added to WRI basket, i.e., Synthetic Textiles, Textile Garments, Printing and Publishing, Footwear, Petroleum, Chemical & Gases, Fertilizers, Drugs & Medicines, Iron & Steel, Electrical Apparatus, Motor Vehicles, Motor Cycles, Tea Processing, Tyres & Tubes, Milk Products and Plastic Articles.
5. Five Industries in Old WRI Series (Cigarette Factories, Hydrogenated Oil, Railway Workshops, Smelting and Refining Metals and Soap Factories) have been retained in the New WRI Series with enhanced coverage, namely, Tobacco, Oils & Fats, Locomotives, Casting & Forgings and Soaps & Detergents).
6. Mica Mines Industry has been dropped. Instead Oil Mining Industry has been newly introduced in the basket.
7. The field work for collection of current wage data was conducted during January, 2021 to June, 2021.
8. The frequency of WRI compilation would be point-to-point half yearly, as on 1st January and 1st July of every year under New WRI Series with base 2016=100.

WEIGHTING PATTERN

9. The weights used in WRI Series with base 1963-65=100 were the base year estimated employment figures in respective occupations in each selected industry.
10. The weights adopted for the construction of WRI numbers under New WRI Series (Base: 2016=100) are the base year estimated employment figures in the respective occupations in each selected industry. The weighted average of the occupation level indices in an industry, weights being the base year estimated total wage bill in each occupation, gives WRI at the industry

level. Similarly, the weighted average of the industry/Sector level indices, weights being the base year estimated total wage bill in each industry/sector, gives Sectoral/All-India Index.

11. Manufacturing, Mining and Plantation Sectors have weights (Estimated Total Wage Bill) of 82.57 percent, 11.23 percent and 6.20 percent respectively in the New WRI Series (2016=100) as compared to weights (Estimated Employment) of 48.78 percent, 17.01 percent and 34.21 percent in the Old WRI Series (1963-65=100).
12. The Top Five Industries, i.e., Motor Vehicles (11.49 percent), Coal Mines (9.53 percent), Textile Garments (9.32 percent), Iron & Steel (9.30 percent) and Cotton Textiles (6.55 percent) together accounted for 46 percent of the total weight with base 2016=100.

WAGE RATE INDEX NUMBERS

13. The overall Wage Rate Index for all the 37 industries combined together stood at 119.7 in 2020 (Half Yearly 2). The All-India Wage Rate Index Number witnessed an increase of 1.6 percent in 2020 (Half Yearly 2) over 2020 (Half Yearly 1). The average half yearly growth rate in All-India Wage Rate Index stood at 2.3 percent in 2020 (Half Yearly 2) over 2016 (Half Yearly 2).
14. The highest Wage Rate Index in 2020 (Half Yearly 2) was reported for Plantation Sector (126.5) followed by Manufacturing Sector (119.6) and Mining Sector (116.7), respectively.
15. The Wage Rate Index of Mining Sector witnessed the highest increase (1.8 percent) in 2020 (Half Yearly 2) over 2020 (Half Yearly 1), followed by Manufacturing Sector (1.7 percent) and Plantation Sector (-0.3 percent), respectively. However, the average half yearly growth rate in WRI of Plantation Sector witnessed the highest increase (3.0 percent) in 2020 (Half Yearly 2) over 2016 (Half Yearly 2), followed by Manufacturing Sector (2.3 percent) and Mining Sector (2.0 percent), respectively.
16. Out of total thirty seven industries covered for compilation of indices, the Wage Rate Index of twelve Manufacturing industries, two industries in Mining industries and one industry from Plantation industries had lower Wage Rate Index than all industries combined Wage Rate Index of 119.7.

AVERAGE DAILY ABSOLUTE WAGE RATES

17. The overall Average Daily Absolute Wage Rate for all the 37 industries combined together stood at Rs. 585.5 in 2020 (Half Yearly 2) as compared to Rs. 576.1 in 2020 (Half Yearly 1). The All-India Average Daily Absolute Wage Rate witnessed an increase of 1.6 percent in 2020 (Half Yearly 2) over 2020 (Half Yearly 1).

18. Among three sectors covered during 2020 (Half Yearly 2), the highest Average Daily Absolute Wage Rate was recorded in Mining Sector (Rs. 1604.3), followed by Manufacturing Sector (Rs. 475.0) and lowest (Rs. 212.3) in Plantation Sector.
19. Out of 37 industries, twenty eight industries, consisting of twenty five from Manufacturing sector and all three from Plantation sector, recorded less than all India Average Absolute Wage Rate for all industries.

REAL WAGE RATES AT 2001 PRICES

20. The all India Real Wages at 2001 prices was Rs. 174.3 in 2020 (Half Yearly 2) as compared to Rs. 174.6 in 2020 (Half Yearly 1).
21. Among three sectors covered, the highest Average Daily Real Wage Rate at 2001 prices was reported in Mining sector (Rs. 477.5) followed by Manufacturing sector (Rs. 141.4). In Plantation Sector, the Average Daily Real Wages was reported as low as Rs. 63.2.
22. Out of 37 industries, twenty eight industries, consisting of twenty five from Manufacturing sector and all three from Plantation sector, recorded less than all India Real Wage Rate at 2001 prices for all industries.

CHAPTER-I

INTRODUCTION

1.1 HISTORY OF LABOUR BUREAU

Labour Statistics in India may be said to have originated when the first national population census was conducted in 1872. This census gave not only the count of number of persons, but also the number of gainfully employed. Since then every census has thrown useful data on workers in different industries and occupations every 10 years. Besides the statistics on employment thrown by the census, other data on labour statistics were collected on ad-hoc basis, mostly as a byproduct of administration of labour laws and not as a basis for formulation of labour policies.

Then, the Government of India, in Shimla, in the year 1920, established Labour Bureau, originally known as "Indian Labour Bureau". It was established under the Board of Industries and Munitions. Mr A.G. Claw, I.C.S was the Controller of Bureau and Miss G.M. Broughton, C.B.E., I.E.S. was appointed as Lady Adviser. The main functions of Bureau were the collection of all information on labour in India, interaction with the ILO and other similar institutions in other Countries. It acted as a reference centre for all interested in Labour related subjects and for Officers of Government and private sector, which were to deal with labour. With these objectives, Labour Bureau was established.

The Royal Commission on Labour in 1931 pointed out the need for systematic collection of labour statistics. It observed that the policy must be built on facts as the uncertainty of facts would lead to confusion and conflict regarding its aim. The Commission recommended the adoption of suitable legislation enabling the commission to collect and collate information regarding the living, working and socio-economic conditions of industrial labour. Further, the inflationary pressure during the early period of the Second World War gave rise to demands of workers for compensation in their wages necessitating setting up of machinery for measuring changes in prices. Accordingly, Government of India constituted & set up the Rau's Court of Enquiry in 1940 under the Trade Disputes Act (1929) to recommend statistical machinery for measuring movement in prices. The Rau Court of Enquiry recommended compilation and maintenance of Cost of Living Index Numbers for measuring the rate of compensation to be paid to the workers for the rise in cost of living.

This recommendation of the Rau Court of Enquiry (1940) led to setting up of the Directorate of Cost of Living at Shimla in 1941 with the objective of conducting Family Budget Enquiries and compiling Cost of Living Index Numbers for important centres in the country on a uniform basis. The Directorate conducted enquiries during the period 1943-45.

However, with the increased Government intervention in the field of industrial relations during the Second World War, the need for more systematic collection and processing of labour statistics acquired significance. The result was the enactment of Industrial Statistics Act in 1942 to facilitate collection of statistics on (a) matters relating to factories and (b) certain specified areas of welfare and conditions

of labour. Further, arrangements were made for the collection and processing of the data flowing from the administration of important labour Acts, such as the Trade Unions Act, 1926 and the Payment of Wages Act, 1936, etc.

Finally, the need for more comprehensive labour statistics in the context of formulation of labour policy led to the setting up of the Labour Bureau in October 1946 by rechristening the Directorate of Cost of Living with added functions. Since then Labour Bureau is engaged in collection, compilation, analysis and dissemination of statistics on different facets of labour at All India level.

Labour Bureau thus set up on October 03, 1920, is premium organization in the field of labour statistics and is engaged in the collection, compilation and publication of price indices, employment, unemployment, wages, earnings, absenteeism, labour turnover, industrial relations and working and living conditions of different segments of labour.

Labour Bureau is an attached office to Ministry of Labour & Employment with its headquarters at Chandigarh and Shimla and Nine Regional Offices at Ahmedabad, Kanpur, Kolkata, Guwahati, Chennai, Mumbai, Jaipur, Hyderabad and Indore. The organisation is headed by Director General, a Higher Administrative Grade Officer from the Indian Economic Service (IES) Cadre. Labour Bureau has its own Technical manpower, Statistical Subordinate Service (SSS) officials at lower level and a team of dedicated Group-A officers from the Indian Economic Service (IES) and Indian Statistical Service (ISS). The Regional Offices mainly attend to the audit of prices used for constructing the Consumer Price Index Numbers for Industrial Workers so as to ensure the flow of a reliable price data.

1.2 GENESIS OF THE OWS (SEVENTH ROUND) SURVEY

From time to time, the Government of India has constituted various Commissions and Committees, viz., Royal Commission on Labour (1931), Labour Investigation Committee (1944-45) and various wage fixing authorities to look into the subject of wage rates in the industrial sectors. Almost all such Commissions and Committees have critically commented on the absence and inadequacy of wage data for different occupations in the industries. Consequently, the need for reliable and accurate statistical data on occupational wage rates and earnings assumed greater importance in national planning for labour welfare.

It was because of these limitations and deficiencies in the occupational wage data that in the Second five-year Plan, it was recommended that "urgent steps should be taken to undertake a Wage Census...". The Steering Group on Wages set up by the Ministry of Labour and Employment made a similar recommendation. In pursuance of these recommendations, the Labour Bureau conducted an Occupational Wage Survey (OWS) during 1958-59 covering 44 industries comprising 37 manufacturing, 4 mining and 3 plantation industries. The objective of the survey was to disseminate information relating to wage rates and average earnings of workers in different occupations in selected industries. The data disseminated through the conduct of the OWS is also used for building up/updating the weighting diagram of the Wage Rate Indices (WRI) being compiled by Labour Bureau on annual basis. As the results of the First Occupational Wage Survey were found to be very useful by the Planning Commission, the

Labour Bureau conducted Second Occupational Wage Survey during 1963-65, more or less on similar lines, with the same objectives and coverage.

The National Commission on Labour (1969) examined the data collected in previous two rounds of Occupational Wage Survey and recommended the conduct of such type of surveys periodically by Labour Bureau.

Consequently, the Labour Bureau took up the Third Round of Occupational Wage Survey in 1974-79 in 81 industries and Fourth Round in 1985-92 covering 53 industries. The Fifth Round was undertaken in 1993-2001 covering all the 53 selected industries covered in the Fourth Round.

The Study Group on Labour Statistics (1999) reviewed the data collected under OWS and recommended for inclusion of Part-Time workers and Apprentices under the survey. In 2002, the Ministry of Labour & Employment constituted the Technical Committee on OWS to revise the OWS schedule and improve the coverage and sampling design of OWS. Accordingly, the sixth round was taken up during 2002 to 2009 covering 56 industries.

The Seventh Round was taken up in July 2016, more or less on similar lines, with the same objectives and coverage encompassing all the 56 selected industries covered in the Sixth Round. Under different Sectors, the survey covered 45 Manufacturing, 4 Mining, 3 Plantation and 4 Service Sector Industries. The results of OWS (Seventh) Round have been released in the form of Ten reports, viz.,

- a. Report on Four Mining Industries,
- b. Report on Three Plantation Industries,
- c. Report on Four Service Industries,
- d. Report on Five Textile Industries,
- e. Report on Textile Garment Industry,
- f. Report on Tea Processing Industry,
- g. Report on Nine Engineering Industries,
- h. Report on Ten Engineering Industries,
- i. Report on Nine Manufacturing Industries; and
- j. Report on Ten Manufacturing Industries.

The above reports are available on Labour Bureau website, i.e., www.labourbureaunew.gov.in.

1.3 GENESIS OF WAGE RATE SERIES

The Central Technical Advisory Council of Statistics, in its meeting held in December, 1961, recommended that the State Statistical Agencies should explore the possibility of bringing out up-to-date data on wage rates, as thrown up by Occupational Wage Survey conducted by Labour Bureau and constructing Wage Rate Indices at annual intervals in respect of industries covered under the Survey. Though the Central Statistical Organisation advised the State Governments to compile such indices, but a review of the progress made in 1967 revealed that none of the states, except West Bengal, made any progress in this regard. The National Commission on Labour (1969) also stressed the need for similar indices. Keeping in view the pressing requirements for series of data on Wage Rates and Indices, the work relating to the construction of Wage Rate

Indices was entrusted to Labour Bureau. The Bureau, therefore, took up the compilation of Wage Rate Index Numbers for workers in twelve manufacturing industries from 1969. Nine more industries (viz. three plantations, four mining and two manufacturing) were added to the list of industries for the compilation of these index numbers w.e.f.1976. Since then, Labour Bureau has been regularly compiling Wage Rate Index (WRI) numbers with base year 1963-65=100 on an annual basis.

Normally, an Index Number series should be revised after every ten years. The Index Numbers of wage rates currently compiled by Labour Bureau are based on 1963-65=100. The base year for WRI has become almost six decades old now and therefore, it needs to be brought closer to the current years. In the modern economic scenario of globalization, liberalization and privatization, there is bound to be changes in the technology and working pattern of the industries. Consequently, the occupational pattern of employment may witness vast changes in most of the industries. Further, new industries may emerge and insignificant ones disappear. Over a period of time, new industrial units are opened and old ones closed. In such a situation, any index series with old base may lose its significance. Therefore, shifting of the base of WRI is imperative in the prevailing situation.

The Study Group on Labour Statistics under the chairmanship of Prof. L K Deshpande has recommended, "The Index Numbers on ... Wage Rates currently being compiled by the Labour Bureau are outdated. They need to be updated to a new base. The methodological improvements should also be effected on the basis of research literature available on the subject."

Accordingly, Government of India had constituted Technical Advisory Committee (TAC) on WRI to examine the technical aspects of base revision of Wage Rate Index by Labour Bureau. (Annexure-I)

The terms & reference of TAC were:

- (i) To examine the technical aspects like methodology of compilation, sample size, frequency of compilation and finalization of the schedule of WRI numbers.
- (ii) To take up the exercise of base revision of WRI.
- (iii) To make recommendations for further improvement.

1.4 OBJECTIVE OF WRI

Labour Bureau is the only organization in the country, which is collecting and compiling occupation-wise wage rate data and releasing data on Wage Rate Indices, Average Daily Absolute Wage Rates and Real Wage Rates at Occupation/Industry/Sector/All-India level. There is no other governmental agency, which is disseminating such valuable information.

The main objective of the WRI scheme is to collect, compile, disseminate and facilitate study and analysis of inter-industry and intra-industry occupation-wise variation and disparities in Wage Rate Indices, Average Daily Absolute Wage Rates and Real Wage Rates over a period of time. The WRI data is published in Indian Labour Journal brought out by Labour Bureau every year.

1.5 SELECTION OF INDUSTRIES

The selection of industries for the OWS (Seventh) Round was based on the following criteria:

- a. That the industry belonged to the organized sector,
- b. That the industry had an importance in the National Economy; and
- c. That the industry has significant share of employment in the organized industrial sector.

Out of 56 industries (Annexure-II) covered under the 7th round of OWS, 52 industries were selected using the above criteria. On the advice of the Ministry of Labour & Employment, Government of India, four service sector industries viz. a) Electricity Generation & Distribution, b) Railways, c) Public Motor Transport; and d) Ports & Docks, which also formed part of industries in compilation of Consumer Price Index Number for Industrial Workers, released by Labour Bureau, were also included in the 7th round of Occupational Wage Survey.

The coverage of the index number has been confined to Manufacturing, Mining and Plantation Sectors as in the previous series. However, its scope has been increased from 21 industries in the previous series to 37 industries selected keeping in view their importance in terms of percentage share in total employment and also the growing industries on the basis of the data from the seventh Occupational Wage Survey. The selected 37 industries together have a share of 80 percent in the estimated total employment of the three sectors as per the Seventh OWS. The following table gives the estimated employment, estimated total wage bill and mean wage rate of the selected 37 industries.

**Exhibit 1.1: Estimated Employment and Mean Wage Rate of
All the Selected 37 Industries in New WRI Series**

Serial No	Industry Name	Estimated employment	Estimated Total Wage Bill (Rs.)	Mean Wage Rate
1	Sugar	1,11,794	7,95,97,386.37	535.39
2	Oil and Fats	1,35,760	5,03,43,449.50	342.37
3	Tobacco	4,55,845	7,87,93,926.38	265.47
4	Cotton Textiles	5,89,322	20,75,15,292.11	383.42
5	Woollen Textiles	14,793	67,74,185.84	384.50
6	Silk Textiles	8,171	42,03,400.88	408.04
7	Synthetic Textiles	2,94,156	11,87,80,625.45	404.07
8	Jute Textiles	1,44,869	5,89,95,781.63	546.19
9	Textile Garments	8,64,660	29,51,80,564.92	372.29
10	Paper	3,81,835	19,95,37,098.83	435.40
11	Printing &	1,06,015	4,66,89,730.65	377.45

Serial No	Industry Name	Estimated employment	Estimated Total Wage Bill (Rs.)	Mean Wage Rate
	Publishing			
12	Footwear	1,79,419	5,83,07,694.46	352.58
13	Petroleum	27,184	2,45,70,389.47	589.37
14	Chemical & Gases	77,402	3,59,53,312.67	303.34
15	Fertilizers	38,236	3,62,89,696.93	446.18
16	Drugs & Medicines	2,68,218	10,71,42,850.44	342.11
17	Soaps & Detergents	79,169	3,39,17,138.50	356.06
18	Match	20,717	70,56,698.28	169.11
19	Cement	42,535	2,13,67,395.78	442.29
20	Iron and Steel	6,08,905	29,47,45,823.80	401.09
21	Castings and Forgings	2,25,361	11,65,66,716.21	415.20
22	Electrical Industrial Machinery	36,010	1,59,15,195.18	338.64
23	Electrical Apparatus	1,85,533	6,76,93,962.78	338.68
24	Locomotives	18,576	86,79,329.43	423.35
25	Motor Vehicles	6,49,784	36,39,07,817.60	387.89
26	Motor Cycles	1,44,239	8,02,21,190.37	363.85
27	Tea Processing	1,39,122	2,85,11,273.19	190.40
28	Tyres & Tubes	54,940	3,68,66,516.24	594.86
29	Milk Products	1,61,184	9,26,76,361.88	516.89
30	Plastic Articles	1,01,300	3,89,08,265.75	340.77
31	Coal Mines	2,03,164	30,18,52,439.34	1488.26
32	Iron Ore Mines	25,841	1,90,99,787.06	552.68
33	Manganese Mines	11,430	88,63,243.10	741.52
34	Oil Mines	17,929	2,58,97,349.51	916.51
35	Coffee Plantation	30,852	87,84,915.63	273.34
36	Rubber Plantation	24,567	1,01,35,865.87	398.38
37	Tea Plantation	11,53,476	17,75,53,123.05	151.69
99	All Industries	76,32,313	3,16,78,95,795.08	492.99

1.6 SCOPE AND COVERAGE OF SEVENTH ROUND OF OWS

The scope of the Occupational Wage Survey for the Forty Five organized manufacturing industries extended to all the Industries registered under Sections 2m(i) and 2m(ii) of the Factories Act, 1948. Section 2m(i) and 2m(ii) of the Act refers to the establishments using power and employing 10 or more workers and those not using power and employing 20 or more workers on any day of the preceding 12 months, respectively.

The frame for the OWS (Seventh) Round was based on the frame of 45 manufacturing industries maintained by CSO (IS Wing), Kolkata, for the purpose of Annual Survey of Industries (ASI) 2014-15. Occupation-wise wage data were collected only for those workers who conform to the definition of worker defined under the Factories Act, 1948.

The scope of the Occupational Wage Survey for the Four Mining Industries extended to all the Mining Industries registered under The Mines Act, 1952.

The frame for the OWS survey was based on the frame of four Mining Industries maintained by Directorate General of Mines Safety (DGMS), Dhanbad, for Coal as well as Non-Coal Mines. Occupation-wise wage data were collected only for those workers who conform to the definition of worker defined under the Mines Act, 1952.

The scope of the Occupational Wage Survey for Three Plantation Industry extended to all the Plantation Industries registered under Sections 3-B of the Plantations Labour Act, 1951.

The frame for the OWS survey is based on the frame of three plantation industries maintained by Tea Board and State Labour Commissioner's Office. Accordingly, frame for Coffee and Rubber Plantations were finalized on the basis of lists provided by concerned State Labour Commissioner's office. Frame for Tea Plantations was finalized from the list furnished by Tea Board of India. Occupation-wise wage data were collected only for those workers who conform to the definition of worker defined under the Plantations Labour Act, 1951.

The list of establishments received from the State and Central Authorities governing the four service industries served as the frame. The list of units engaged in Electricity Generation and Distribution received from the State Electricity Boards formed the basis for preparing the frame for the Electricity Generation and Distribution Industry. The list of divisional Railway Establishments received from the Zonal Railway authorities was taken as the frame for the Railway Industry. Railway workshops registered under the Factories act, 1948, were excluded from the frame of the industry. The List of Depot level establishments supplied by the State Transport authorities formed the basis for the frame for the Public Motor Transport Industry. The frame for the Ports & Docks Industry was finalised on the basis of response from the Directorate/Maritime Boards of concerned States. (Annexure-III)

Occupation-wise wage data were collected only for those persons who conformed to the definition of workers defined under different Acts.

1.7 SAMPLING DESIGN AND ESTIMATION PROCEDURES

The sample design and the estimation procedure for Seventh Occupational Wage Survey is presented briefly as under:

- a. A two stage sampling design was adopted. The selection of units was the first stage, whereas, the selection of the workers employed in different occupations in the selected units formed second stage.
- b. The sample was designed in such a way that the estimates of the characteristic under study did not differ from the true values by more than 5 percent with confidence coefficient of 95 percent.
- c. The first stage sample size was determined on the basis of the employment and coefficient of variance of the average maximum wage rates revealed by the earlier round of the survey.
- d. The sample size so determined was allocated in the strata of the industry in proportion of its share of units in the frame.
- e. The frame in each stratum was further divided into two size classes, viz. Upper Size Class and Lower Size Class on the basis of the average daily employment in textiles at the national level. While allocating the sample size in the both the size classes in proportion of its frame size within a stratum, it was taken care that at least two units were selected in each size class.
- f. For the purpose of obtaining estimates in respect of the pay roll earnings of workers in each occupation, a predetermined sample of workers belonging to each category of sex-age and system of payment of wage was drawn from the selected units.

The sample design and the estimation procedure recommended by the Central Statistical Organisation for Sixth Round of OWS has also been followed for the Seventh Round of OWS.

For the purpose of construction of WRI Series, all the sample establishments corresponding to thirty seven industries selected under new series of WRI with base 2016=100 were selected and hence, 4528 establishments formed the sample size for collection of current wage data. Accordingly, all the the manual workers of the selected establishments are considered for the purpose.

1.8 SELECTION OF OCCUPATIONS

For the purpose of constructing weighting diagram for the new series of WRI, occupations in an industry were selected using the following criteria:

- a. Percentage share of employment under an occupation with respect to that in the industry is more than 2 percent.
- b. The occupation is directly incidental to the production process of the industry.

c. The subordinate supervisory staff, which is a very important occupation for any production process, is included in the list of occupations.

1.9 FIELD INVESTIGATION AND BASE YEAR

The field work for collection of current wage data was launched during January, 2021 to June, 2021. Requisite details were collected from the sample units relating to reference period. The field staff (Contractual) of the Labour Bureau conducted the fieldwork, which was supervised by the Contractual Supervisors by visiting the sample units. Quarter-wise current data was collected from selected units corresponding to years 2016 (being the base year), 2017, 2018, 2019 and 2020. However, Half-yearly wise (point-to-point) WRI data with reference dates, 01.07.2016 (selected as base year), 01.01.2017, 01.07.2017, 01.01.2018, 01.07.2018, 01.01.2019, 01.07.2019, 01.01.2020 and 01.07.2020 has been decided to be released under New WRI Series.

Hence, the reference date for the collection of data is fixed as first day of every Half Year under study.

1.10 COLLECTION OF DATA AND SCHEDULE

The data on employment and wage rates was collected from the sample units in the Schedule designed for the survey. Data on employment and wages correspond to all manual workers in each selected occupation in each sample unit.

The Technical Committee on WRI constituted by the Labour Bureau, Ministry of Labour & Employment finalized the WRI Schedule for the purpose. A facsimile of the Wage Rate Index schedule is enclosed at Annexure-IV.

1.11 COVERAGE OF UNITS AND SAMPLE SIZE

A total of 4528 units constituted the overall frame for thirty seven Industries. Out of these, 2881 units have furnished wage data, which accounts for 63.63 percent of the total selected units. The data for the remaining units have been excluded from the entire nine half years from 2016 to 2020. The percentage of units who provided current wage data of the total selected units for Manufacturing, Mining and Plantation sectors were 63.41 percent, 70.56 percent and 59.09 percent, respectively.

Exhibit 1.2: Percentage Share of No. of Units Canvassed out of Total Selected Units of Thirty Seven Industries

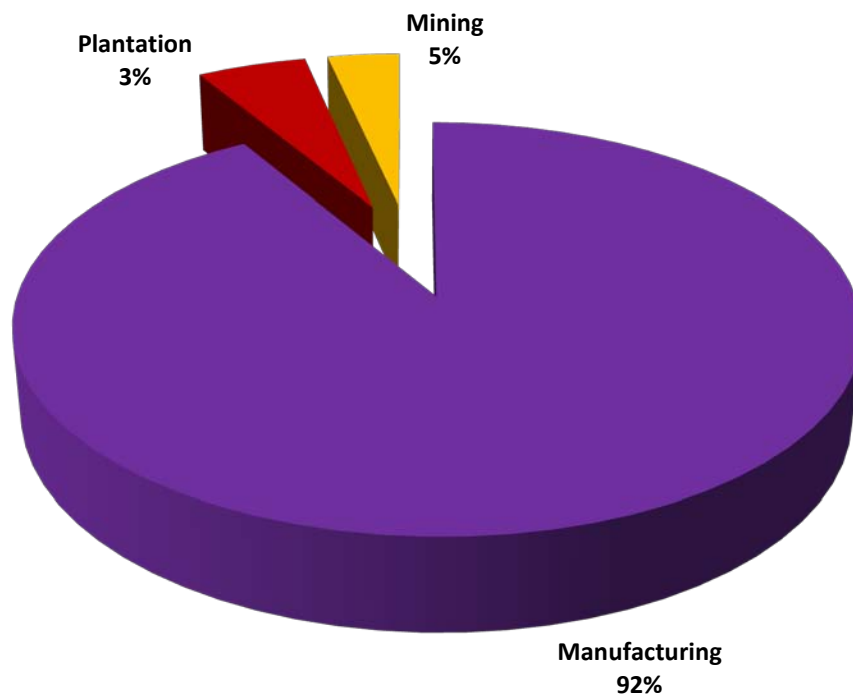

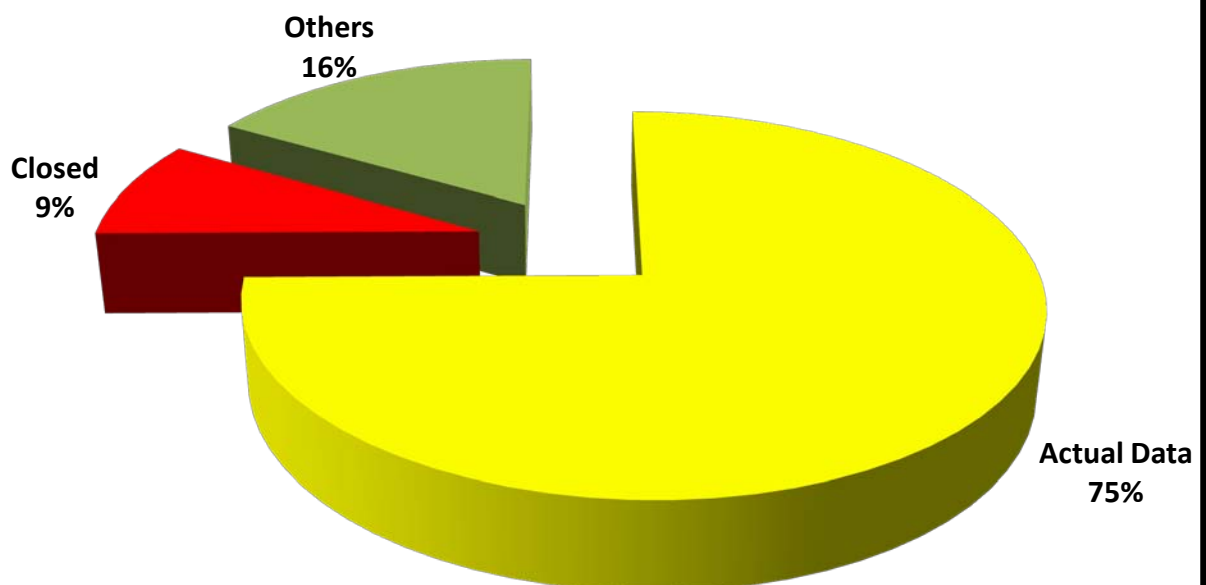

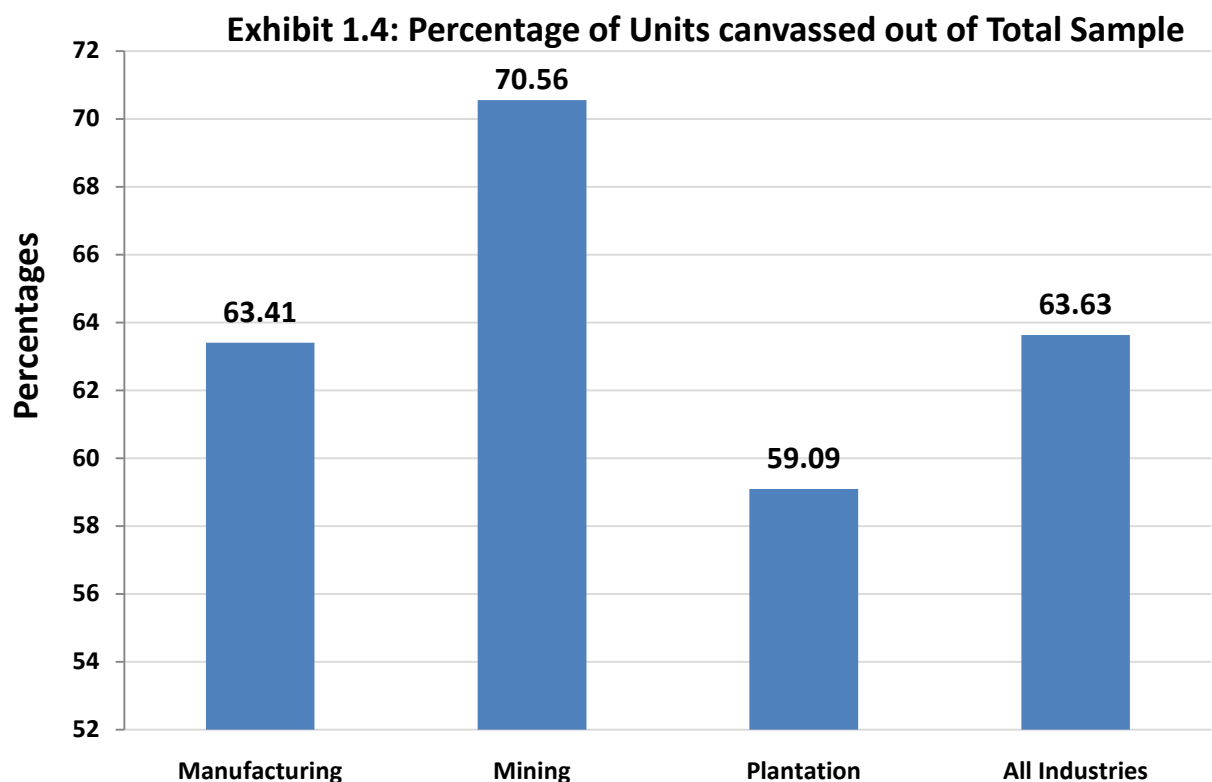

Exhibit 1.3: Status of Current Wage Data

1.12 LIMITATIONS

Though 4 service Industries namely, Railways, Electricity Generation & Distribution, Transport and Ports & Docks Industry were covered in OWS (Seventh) but it was decided to exclude service industries for the new WRI Series due to inconsistent data and limitations in terms of their scope and coverage. Efforts would be made to include few industries from Service Sector in next WRI Series with base as recent as possible.

CHAPTER-II

METHODOLOGY OF NEW WRI SERIES

(BASE: 2016=100)

2.0 CONCEPTS AND DEFINITIONS

2.1 UNITS/MINES/PLANTATIONS/FACTORIES/ESTABLISHMENTS

The Manufacturing, Mines and Plantation industries registered under the respective Acts constitute the frame for the survey.

2.2 SAMPLE OR SELECTED UNITS/ESTABLISHMENTS

Data collection in the present survey is to be carried out only in those units which have been selected (or provided as substitute) from the frame of registered factories/Mines/Plantations units through the sampling method.

2.3 ESTABLISHMENTS

The establishment is a unit situated in a single location in which predominantly one kind of economic activity is carried out in such a way that at least a part of the goods and/or services produced by the unit goes for sale (i.e. entire produce is not for sole consumption). It means that an establishment is a physical entity where mainly one entrepreneurial activity (or sometimes more than one, with no separate accounts) is carried out.

2.3.1 PUBLIC SECTOR: Establishments which are wholly owned/run/managed by Central or State governments, quasi-government institutions, local bodies like Panchayat, Zilla Parishad, City Corporation, Municipal authorities, etc., autonomous bodies like Universities, Education boards, and institutions like schools, libraries etc. set up by the Government, Panchayat, etc. or those run with more than 50 percent share of the government are to be treated as government/public sector undertaking.

2.3.2 PRIVATE SECTOR: Establishment owned/run/managed by a single person or a group of persons with share/participation of the Government / local body less than or equal to 50 percent, both in terms of management and shares, is to be treated as private sector establishment. An establishment should not be treated as a public sector establishment if it is run on a loan granted by government, local body, etc.

2.3.3 JOINT SECTOR: This sector includes all the establishments which are owned jointly by the Government and Private individuals or

companies (e.g. Corporations). Government here means Central or State Government including Local bodies.

2.4 EMPLOYERS

The self-employed persons who work on their own account with one or few partners and by and large run their establishments by hiring labor are the employers.

2.5 WORKER

Persons who, during the reference period, were engaged in any economic activity or who, despite their attachment to economic activity, have temporarily abstained themselves from work for reason of illness, injury or other physical disability, bad weather, festivals, social or religious functions or other contingencies constitute workers.

Worker/employees defined as per different Acts relevant to the survey are as under:

2.5.1 The Factories Act, 1948: 'Worker' means a person employed directly or through any agency (including a contractor) with or without the knowledge of the principal employer, whether for remuneration or not, in any manufacturing process or in cleaning any part of the machinery or premises used for manufacturing process or subject to the manufacturing process (but does not include any member of the armed forces of the Union).

2.5.2 The Mines Act, 1952: A person who works as the manager or who works under appointment by the owner, agent or manager of the mine or with knowledge of the manager, whether for wage or not is said to be employed in a mine. It includes persons who work as under:

- (i) In any mining operation (including the concomitant operation of handing and transport of minerals up to the point of dispatch and of gathering sand and transport thereof to the mine).
- (ii) In operation of services relating to the development of the mine including construction of plant therein but excluding construction of building, roads, wells and any building work not directly connected with any existing or future mining operation.
- (iii) In operating, servicing, maintaining or repairing any part or any machinery used in or about the mine.
- (iv) In operations, within the premises of the mine, of loading for dispatch- of minerals.
- (v) In any office of the mine.
- (vi) In any welfare, health, sanitary or conservancy services required to be provided under this act, or watch and ward, within the premises of the mine excluding residential area or.
- (vii) In any kind of work whatsoever is preparatory or incidental to or connected with mining operation.

2.5.3 The Plantations Labour Act, 1951: Worker means a person employed in a plantation for hire or reward, whether directly or through any agency, to do any work-skilled, unskilled, manual or clerical, but does not include;

- (i) A Medical Officer employed in Plantation;
- (ii) Any person employed in the plantation (including any member of medical Staff) whose monthly wage exceeds Rupees Seven hundred and fifty only;
- (iii) Any person employed in plantation primarily in a managerial capacity not withstanding that his monthly wages do not exceed Rs. 750/- or,
- (iv) Any person temporarily employed in the plantation in any work relating to the construction/development or maintenance of buildings, roads bridges, drains or canals.

2.6 WORKERS COVERED (TYPE OF WORKERS)

Full-time manual workers on pay rolls of the establishment as covered under the respective acts are considered. Persons employed in fire services, watch & ward, sanitary department, etc. were also covered if they were performing manual jobs. The data was not collected in respect of workers holding a non manual post (i.e. managerial, technical, administrative, clerical, etc.) even though they are covered under the respective act. All types of full time manual workers viz regular, contract, casual, badli & apprentices, working more or less on regular basis, were covered.

2.6.1 Manual Workers: Workers whose job involves physical labour are called manual workers. The emphasis is on considerable element of manual work. Thus, workers engaged primarily on jobs which can easily be classified as manual were covered. For instance, foreman & jobbers & other supervisory staff, whose duties, besides supervision, generally involve manual work, fall under this category.

2.6.2 Time Rated worker: Time rated worker means persons who are paid according to the time of their engagement. The payment may be made on monthly, fortnightly, weekly or daily basis. However, the wages of time-rated workers are pre determined for a specific period of time and are not directly related to their output.

2.6.3 Piece Rated Worker: The piece rate system is that system of wage payment in which the workers are paid on the basis of the units of output produced. Piece rate system does not consider the time spent by the workers. It is the system of remunerating the workers according to the number of units produced or job completed. It is also known as payment by result or output. Piece rate system pays wages at a fixed piece rate for each unit of output produced. The wages of piece rated workers are linked to their individual or group output.

2.6.4 Full Time Worker and Regular Worker: Full time worker means the worker who works for entire time of a shift wherein the employee works and earns the normal wage prescribed for the shift. The actual hours of work for an employee in a particular job or industry are agreed between the employer and the employee and/or set by an award or registered agreement. The workers who work on permanent/regular basis, are directly employed by the employer for relatively longer unspecified period and are entitled to certain legal protections and benefits such as pension, paid/job protected leaves etc. are termed as regular workers.

2.6.5 Contract workers: Workers, who are employed for a specified period/specific job & are usually paid only for days of work, are known as contract workers. They may be employed directly by the principal employer or by the intermediate employer, called contractors. Such workers usually do not receive benefit packages, pensions or other perquisites provided to employees and do not have entitlements to basic employment rights such as health and safety protections, job-protected leaves and some legal rights applicable to regular employees. Contract workers may not be borne directly on the establishment strength, yet work within the premises of the establishment.

Information was collected for the contract labour as well. In certain cases, the employers entrust the execution of certain jobs to persons known as Headman or Sirdars. These Headmen or Sirdars are given the necessary equipments & raw materials but not the manpower, which they employ through their resources for execution of the job. The Headmen features in the pay roll but not the workers engaged by them. If the workers engaged by the Headman or the Sirdars work within the premises of the establishment, then such workers were also covered under the Survey. If employers maintain records in respect of such workers then data may be collected from such records, otherwise attempt should be made to obtain the necessary information from Sirdars/Contractors/Headmen themselves. If it is found that neither the principal employers nor the Sirdar, etc. maintain any record of employment and earnings of contract labour and it is not possible to collect necessary data, then the contract labour were ignored. However, a footnote in relevant Blocks was inserted to this effect. If information on contract labour is available partly, i.e. in respect of employment by occupations, then it was given separately in the employment Block & suitable remarks were given in other blocks.

2.6.6 Badli Workers: A Badli worker is a substitute working in place of an absentee worker. There are some production processes which involve working like in a chain, making each worker's performance a link in that chain. If for some reason, a regular worker in that chain does not turn up for duty, the work will, evidently come to a stop. To meet such situation the management recruit badli worker before the start of each shift replacement at the factory gate. The replacements are known as Badli. For the purpose of this survey, only following badli workers

were covered in the occupations in which they worked during the pay period.

1. Badli workers who are recruited on a day to day basis to work in place of regular workers who are absent,
2. Badli workers who are working continuously for at least a month and,
3. Regular group of badlies in permanent employment of units who are put on different jobs to meet casual requirements of different sections.

So far as workers in group-1 above are concerned, they were ignored outright. Those in group -2 & group-3, above generally known as regular badlies & they were taken into account in the occupations in which they worked during the pay period covered only if they had worked for a period of at least one month, of the reference date (and received wages , full or part even for those working days on which no work was given to them).The badlies of group-2 & group-3 were considered as part of the occupation to which they were attached for the major part of the reference pay period.

2.6.7 Casual Workers: A casual worker is one whose employment is of a casual nature. That means he is a person who is employed on day to day basis, as and when the occasion arises, without any assurance for future employment. He is in employment when he is at work. Workers with this designation/token are ordinarily to be ignored like badli workers of group-1 referred under para-2.6.6. But sometimes in terms of mutual agreement, etc. between workers & employers some units merely designate a group of workers as casual workers and employ them on a regular basis, such workers were termed as regular casual workers & covered in the survey.

2.6.8 Apprentices: An 'apprentice' is a person/learner who is learning a trade/work from a skilled employer, having agreed to work for a fixed period and who may or may not be paid an allowance during the period of his training. Data in respect of them was also collected only for Block II & III.

2.7 REFERENCE PERIOD

The base year of New WRI Series is fixed reference date, i.e., 1st July 2016. Reference date for collection of current wage data for New WRI Series is first day of every half year during second half year of 2016 (01.07.2016) to second half year of 2020 (01.07.2020) for all the three sectors.

2.8 SURVEY PERIOD

The actual survey period for data collection under New WRI Series was six months, i.e. from January 2021 to June 2021.

2.9 PAY PERIOD

Pay period means the duration of interval at the expiry of which wages due in the interval are payable. It may be month or a fortnight, a week or even a day. The data was collected from each unit in respect of a pay period ending on the reference date or wherein the reference date falls.

2.10 WAGE RATE

Wage rate may be defined as the price of working energy spent by a worker either for a specified period of time or for a specified measure of performance. This rate is settled in advance between the employer & employee. Basic Wage & Dearness Allowances are the two components of earnings, which are the reliable indicators of the wage rate in the industrial units in the country. Besides, fairly significant proportion of the industrial units in the country, do not pay separate dearness allowance to their employees, what they pay is consolidated wage. The consolidated wage is not comparable with the basic wage paid by the units, which pay separate dearness allowance. The existence & extent of other components of remuneration such as overtime, house rent allowance, medical allowance, etc. differ not only from industry to industry but from unit to unit within the same industry and cannot therefore be included as part of wage rate.

2.11 CHILDREN & ADOLESCENTS

Child labour & adolescent workers as prescribed under the relevant acts are given below:

Act	Children	Adolescent
Factories act	14 years & above and up to 15 years	15 years & above & up to 18 years
Mines act	Not permitted	a) Above ground-15 years & above & up to 18 years. b) Underground -16 years & above & up to 18 years.
Plantation Labour act	Below 14 years of age	14 years & above & up to 18 years

2.12 OCCUPATION

An occupation is a brief description of distinct group of workers engaged in well defined jobs or similar type of work, requiring

operation skill in production of goods/services viz. Fitters, Welders, Weavers, Carpenters, driller, etc.

2.13 MATCHING OF OCCUPATIONS

Matching of occupations means classification of workers of the selected establishment into appropriate occupations as shown in the lists of occupations. The workers of an occupation may have been given variety of designations in different establishments according to the work requirements of the establishments concerned. The primary purpose of the list is to enable the classification of these titled occupations into single and well defined occupation. This can best be done by comparing the occupations obtained in the units with those given in the lists, on the basis of job contents. While matching the occupations, the fundamental criterion kept in view was the type of work performed. For this purpose, the help of the knowledgeable persons of the unit concerned were taken and their expert advice followed.

In case of some of the units, some workers worked in more than one occupation, within a pay period. In such a situation, the worker(s) were shown as belonging to that occupation wherein they had worked for the largest number of days in the pay period. Their wage rates were related to the occupations in which they were classified.

For purpose of Earnings Block, the earnings of such workers (whether time-rated or piece-rated) related to the whole pay period and not merely to the period for which they had worked in the occupation wherein categorized.

The Field officers during the course of the survey came across situations where the workers in a unit were classified differently in categories say A, B, C, D or according to their degree of skill i.e. highly skilled, semi-skilled, skilled etc and break-up of workers according to occupation in which they were actually engaged may not be available. In such a case the Field Officers held discussions with knowledgeable persons in the unit and identified the workers according to the occupations in which they were actually engaged during the reference period. In case where a worker remained engaged in more than one occupation during the reference period, the Field Officer put the worker under that occupation wherein the worker remained engaged for the major portion of the reference period.

2.14 CLOSURES

A unit was treated closed in the following situations:

- a) Permanent Closure i.e. the unit has not been functioning since the reference period and has also not worked during the three months

proceeding the reference month and is also not likely to function in the near future.

- b) Registration of the unit, is under the industry other than the one under which it is shown in the sample list.
- c) Change in the line of production of the unit from the industry under which it was selected to some other industry.
- d) Not traceable even after local postal enquiries and verification from the State Authority of the area;
- e) De-registration of the unit, e.g. due to amalgamation, fragmentation, or coverage under some other Act, etc;
- f) Records not available for the reference period or the period one month preceding or succeeding the reference period;
- g) Shifting of unit from one stratum of the industry to another.

In the situations given below, the unit was not treated as closed and was covered:

- a) Temporary closure during the reference period i.e., the unit did not function during the reference period but has started functioning subsequent to the reference period or is likely to start functioning in the near future. In such cases, the data was collected for the pay period nearest to the reference period falling within 1 to 3 months preceding or succeeding the reference month.
- b) Reference period not being a normal period of working for the unit due to any reason, such as power cut, go slow, labour trouble, shortage of raw material, etc. In such cases, data was collected for normal pay period nearest to the reference period and falling in the one preceding or succeeding the reference month.
- c) The unit is not in a position to supply the required data, as the records are not available at the premises due to one reason or the other. In such a situation, the unit was covered by going to the place where records were available, be at the Headquarters of the Unit or at the changed address. If, however, the management assured the Field Officers that it would make available the records and suggested a subsequent date for the Field Officer's visit, the same was done and the action taken. In both the above situations, Supervising Officer were consulted under intimation to the Headquarters.
- d) Mere change in either the name of the unit or its premises/ownership did not warranted its exclusion from coverage.
- e) If in a unit, the production related to more than one industry, including the industry under which it was selected, the unit was treated as working and data was collected in respect of only those persons who were engaged in the occupations relevant to the industry in which the unit factored in the sample list. In case a person employed in the unit was engaged in the work pertaining to more than one industry, then he was taken as belonging to the industry to which he devoted the major portion of his working hours.

CHAPTER-III

NEW WAGE RATE INDEX SERIES (BASE: 2016=100)

3.0 INTRODUCTION

One of the prime objectives of the Occupational Wage Survey (OWS) conducted by Labour Bureau from time to time is to collect occupational wage, employment and total wage bill data prerequisite for constructing weighting diagram of the Wage Rate Index Numbers at appropriate base year. The Seventh round of the Occupational Wage Survey has been completed and the results have been utilized in WRI Series with new base, i.e. 2016=100.

Under the OWS (Seventh) Round, 56 industries (45 Manufacturing, 4 Mining, 3 Plantation and 4 service Industries) were covered and reports on these industries have been released. The first and foremost activity undertaken under the base updation exercise of WRI Series was selection of Industries.

The weights adopted in WRI Series (Base: 1963-65=100) for the construction of the Wage Rate Index were the base year estimated employment figures in respective occupations in each of the selected industries. The WRI Series with base 1963-65=100 is based on 21 industries across three sectors. A list of 21 such industries is enclosed at Annexure-V.

Exhibit 3.1: Scope & Coverage of 1963-65=100 Series

Serial in order	Industries	No. of Industries as per 1963-65=100	Percentage Employment as per OWS (Seventh) Round
1	Manufacturing	14	37
2	Mining	3+1*	94
3	Plantation	3	100
9	All Industries	20+1*	40

* Mica Mines is not covered in Seventh OWS

The scope of the index number was increased from 21 industries (1963-65=100) to 37 industries (2016=100) by including prominent industries and excluding the insignificant ones. The selection of industries was based on the following criteria:

1. Employment
2. Wage Patterns
3. Size of employment in industrial units
4. Importance of an industry in the national economy, etc.

Latest Occupational Employment and Wage data for construction of Weighting Diagram for WRI New Series were available in respect of 56

industries from the Seventh round of OWS. Based on the results of Seventh Occupational Wage Survey, a table showing percentage share of employment of the industries has been given in Annexure-VI.

The reference period for the industries covered under the seventh round of OWS was taken as 30th June 2016.

Labour Bureau was also compiling Sectoral Wage Rate Index for Manufacturing, Mining and Plantation Industries separately. The tradition has been continued. Therefore, the selection of industries for different sectors has been done separately for better representation of that sector.

3.0.1 Manufacturing Industries

Out of 56 industries covered under the seventh round of OWS, 45 industries belonged to the manufacturing sector. The selection of the manufacturing industries for the purpose of compilation of Wage Rate Index with new base year is based on the following criteria:

1. The industries which employ a large number of workers, e.g. more than one lakh.
2. The industries in which average daily wage rates are very low, e.g. less than Rs. 50/-.
3. The industries which may be of interests to the researchers and policy planners to study wage pattern for such industries

Based on the above criteria, the following 30 Manufacturing Industries were selected for the new base.

Exhibit 3.2: Industries Selected in Manufacturing Sector for 2016=100 Series

Serial in order	Industries	Sample Size (As per OWS and WRI purpose)	Employment (Estimated as per OWS)	Average Daily Absolute Wage (As per OWS) (Rs.)	Real Wage at 2001 Price (Rs.)
1	Cotton Textiles	264	7,79,201	319.68	115.41
2	Jute Textiles	112	1,69,695	375.56	135.58
3	Synthetic Textiles	222	3,46,971	403.55	145.69
4	Textile Garments	179	9,05,403	330.16	119.19

Serial in order	Industries	Sample Size (As per OWS and WRI purpose)	Employment (Estimated as per OWS)	Average Daily Absolute Wage (As per OWS) (Rs.)	Real Wage at 2001 Price (Rs.)
5	Tea Processing	129	1,42,056	179.55	64.82
6	Motor Vehicles	150	7,31,327	422.53	152.54
7	Motor Cycles	218	1,53,705	421.01	151.99
8	Iron & Steel	303	6,89,708	388.87	140.39
9	Castings & Forgings	219	2,75,198	422.12	152.39
10	Electrical Apparatus	181	2,20,255	336.38	121.44
11	Footwear	83	1,95,113	337.63	121.89
12	Drugs & Medicines	87	2,90,915	371.40	134.08
13	Sugar	24	1,26,042	539.78	194.87
14	Oils & Fats	197	1,47,242	326.74	117.96
15	Tobacco	38	6,44,647	145.01	52.35
16	Paper	207	4,12,928	418.89	151.22
17	Printing/ Publishing	238	1,25,087	380.84	137.49
18	Milk Products	198	1,69,713	495.35	178.83

Serial in order	Industries	Sample Size (As per OWS and WRI purpose)	Employment (Estimated as per OWS)	Average Daily Absolute Wage (As per OWS) (Rs.)	Real Wage at 2001 Price (Rs.)
19	Plastic Articles	106	1,12,216	355.19	128.23
20	Woollen Textiles	136	17,341	395.33	142.72
21	Silk Textiles	84	9,062	359.33	129.72
22	Locomotives	108	22,147	407.14	146.98
23	Electrical Industrial Machinery	180	38,964	351.33	126.83
24	Soaps & Detergents	93	82,816	356.77	128.80
25	Match	26	22,444	289.87	104.65
26	Cement	50	46,512	480.24	173.37
27	Petroleum Refinery	91	28,527	709.06	255.98
28	Chemicals & Gases	85	84,638	362.17	130.75
29	Fertilizar	87	40,655	791.55	285.76
30	Tyres & Tubes	48	63,411	419.70	151.52
99	30 Manufacturing Industries	4143	70,93,939	--	--
999	45 Manufacturing Industries	5582	74,23,056	--	--

It may be seen that first 19 industries (Srl 1 to 19) have been selected on the basis of the first criterion, 7 industries (Srl 20 to 26) have been selected on the basis of the third criterion and 4 industries (Srl 27 to 30) were selected seemingly its importance in national economy.

3.0.2 Mining Industries

In Compilation of WRI with 1963-65=100 base, 4 mining industries viz. Coal, Iron Ore, Manganese and Mica Mines were covered. Since Mica Mining became insignificant industry with the passage of time and to make the mining sector more representative of the three different kinds of mining viz. Coal, Metal and Oil, it was decided to replace Mica Mines with Oil Mines Industry during fifth, sixth and seventh round of OWS. Thus, the following 4 mining industries were selected in new series:

Exhibit 3.3: Industries Selected in Mining Sector for 2016=100 Series

Serial in order	Industries	Sample Size (As per OWS and WRI purpose)	Employment (Estimated as per OWS)	Average Daily Absolute Wage (As per OWS) (Rs.)	Real Wage at 2001 Price (Rs.)
1	Coal Mines	31	2,53,206	1338.16	483.09
2	Iron Ore Mines	92	29,008	700.13	252.75
3	Manganese Mines	74	12,922	712.92	257.37
4	Oil Mines	34	19,290	1118.35	403.74
9	4 Mining Industries	231	3,14,426		

3.0.3 Plantation Industries

There are only 3 major plantation Industries in our country. To continue the tradition of compiling Wage Rate Index for Plantation Industries, the following 3 plantation industries were included in the new series:

Exhibit 3.4: Industries Selected in Plantation Sector for 2016=100 Series

Serial in order	Industries	Sample Size (As per OWS and WRI purpose)	Employment (Estimated as per OWS)	Average Daily Absolute Wage (As per OWS) (Rs.)	Real Wage at 2001 Price (Rs.)
1	Tea Plantation	51	11,59,527	141.57	51.11
2	Coffee Plantation	46	31,256	266.46	96.19

Serial in order	Industries	Sample Size (As per OWS and WRI purpose)	Employment (Estimated as per OWS)	Average Daily Absolute Wage (As per OWS) (Rs.)	Real Wage at 2001 Price (Rs.)
3	Rubber Plantation	57	26,702	419.13	151.31
9	3 Plantation Industries	154	12,17,485		

3.0.4 Service Industries

There were 4 service Industries covered in OWS (Seventh) namely, Railways, Electricity Generation & Distribution, Transport and Ports & Docks Industry. Since the data was inconsistent and keeping in view the limitations in respect of scope and coverage of these service industries, it was decided to exclude service industries for the new WRI Series. Efforts would be made to include few industries from Sector Sector in next WRI Series with base as recent as possible.

3.0.5 NEW WRI BASKET

Out of 56 industries covered under 7th Occupational Wage Survey, the percentage share of employment of 37 industries selected for the new WRI base under different industry groups are given in the following exhibit.

Exhibit 3.5: Composition of Industries in 2016=100 Series

Serial in order	Sector	Industries	Sample Units Covered	Workers	Percentage
1	Manufacturing	30	4143	70,93,939	95.6
2	Mining	4	231	3,14,426	100.0
3	Plantation	3	154	12,17,485	100.0
9	All Industries	37	4528	86,25,850	79.9

It may be noted that the share of the selected industries for the purpose of WRI in total estimated employment of different sectors is 100 percent for the mining and plantation industries while for manufacturing industries it is 96 percent. In overall 80 percent of employment as per the OWS belong to these 37 industries selected under New WRI Series with base 2016=100.

3.1 SELECTION OF OCCUPATIONS

For the purpose of constructing weighting diagram for the new series of WRI, occupations in an industry were selected using the following criteria:

- Percentage share of employment under an occupation with respect to total employment in that industry is more than 2 percent.
- The occupation is directly incidental to the production process of the industry.
- The subordinate supervisory staff, which is a very important occupation for any production process, were included in the weighting diagram.

Accordingly, 700 occupation were finalized for 37 industries and are Annexed at Annexure-VII.

Exhibit 3.6 gives the estimated employment and mean wage rate of the selected 37 industries adjusted on the basis of 700 finalized occupations.

Exhibit 3.6: Estimated Employment and Mean Wage Rate of All the selected 37 Industries for 2016=100 Series

<i>Serial in order</i>	<i>Industries</i>	<i>Employment (Estimated as per OWS and adjusted for WRI)</i>	<i>Average Daily Absolute Wage (As per OWS and adjusted for WRI) (Rs.)</i>	<i>Real Wage at 2001 Price (Rs.)</i>
1	Sugar	1,11,794	535.39	191.21
2	Oils & Fats	1,35,760	342.37	122.28
3	Tobacco	4,55,845	265.47	94.81
4	Cotton Textiles	5,89,322	383.42	136.94
5	Woollen Textiles	14,793	384.50	137.32
6	Silk Textiles	8,171	408.04	145.73

Serial in order	Industries	Employment (Estimated as per OWS and adjusted for WRI)	Average Daily Absolute Wage (As per OWS and adjusted for WRI) (Rs.)	Real Wage at 2001 Price (Rs.)
7	Synthetic Textiles	2,94,156	404.07	144.31
8	Jute Textiles	1,44,869	546.19	195.07
9	Textile Garments	8,64,660	372.29	132.96
10	Paper	3,81,835	435.40	155.50
11	Printing & Publishing	1,06,015	377.45	134.80
12	Footwear	1,79,419	352.58	125.92
13	Petroleum Refinery	27,184	589.37	210.49
14	Chemicals & Gases	77,402	303.34	108.34
15	Fertilizers	38,236	446.18	159.35
16	Drugs & Medicines	2,68,218	342.11	122.18
17	Soaps & Detergents	79,169	356.06	127.16
18	Match	20,717	169.11	60.40
19	Cement	42,535	442.29	157.96
20	Iron & Steel	6,08,905	401.09	143.25

Serial in order	Industries	Employment (Estimated as per OWS and adjusted for WRI)	Average Daily Absolute Wage (As per OWS and adjusted for WRI) (Rs.)	Real Wage at 2001 Price (Rs.)
21	Castings & Forgings	2,25,361	415.30	148.32
22	Electrical Industrial Machinery	36,010	338.64	120.94
23	Electrical Apparatus	1,85,533	338.68	120.96
24	Locomotives	18,576	423.35	151.20
25	Motor Vehicles	6,49,784	387.89	138.53
26	Motor Cycles	1,44,239	363.85	129.95
27	Tea Processing	1,39,122	190.40	68.00
28	Tyres & Tubes	54,940	594.86	212.45
29	Milk Products	1,61,184	516.89	184.60
30	Plastic Articles	1,01,300	340.77	121.70
31	Coal Mines	2,03,164	1488.26	531.52
32	Iron Ore Mines	25,841	552.68	197.39
33	Manganese Mines	11,430	741.52	264.83
34	Oil Mines	17,929	916.51	327.33

Serial in order	Industries	Employment (Estimated as per OWS and adjusted for WRI)	Average Daily Absolute Wage (As per OWS and adjusted for WRI) (Rs.)	Real Wage at 2001 Price (Rs.)
35	Coffee Plantation	30,852	273.34	97.62
36	Rubber Plantation	24,567	398.38	142.28
37	Tea Plantation	11,53,476	151.69	54.18
91	Manufacturing	61,65,054	396.93	141.76
92	Mining	2,58,364	1377.79	492.07
93	Plantation	12,08,895	169.86	60.66
99	All Industries 37	76,32,313	492.99	176.07

3.2 WEIGHTING PATTERN

Revision of base year of Wage Rate Index numbers involves three exercises:- construction of weights of the items selected in WRI basket, finalization of base year wages at occupation/industry/sector/All-India level and collection of current year wages on specified reference dates for compilation of WRI Numbers for different categories i.e. at occupation/industry/sector/All-India level.

3.2.1 WEIGHTS IN 1963-65=100 SERIES

The distribution of workers in the industries covered for Wage Rate Index Series with base 1963-65=100 is presented in Exhibit 3.7.

The weights adopted for the construction of wage rate index numbers are in proportion to the base year estimated employment figures in the respective categories with total weight as 100.

The total number of workers in 21 industries selected in the WRI basket of 1963-65=100 series were 26,19,207. Among three sectors covered during 1963-65=100 series, Manufacturing Sector with 12,77,616 workers had a weight of 48.78 percent, followed by 8,96,002 workers in Plantation Sector (34.21 percent) and 4,45,589 workers in Mining Sector (17.01 percent).

Out of 26.19 lakh workers estimated for 21 industries as a whole, Tea Plantation had highest share of 30.10 percent in the total manual workforce, followed by Cotton Textiles (21.60 percent) and Coal Mines (14.36 percent). These three industries with total employment of 17,31,808 manual workers accounted for nearly 66.12 percent of the total weights in the WRI basket of 1963-65 series.

Exhibit 3.7: Sectoral Employment in OWS (Second) Round vis-a-vis OWS (Seventh) Round

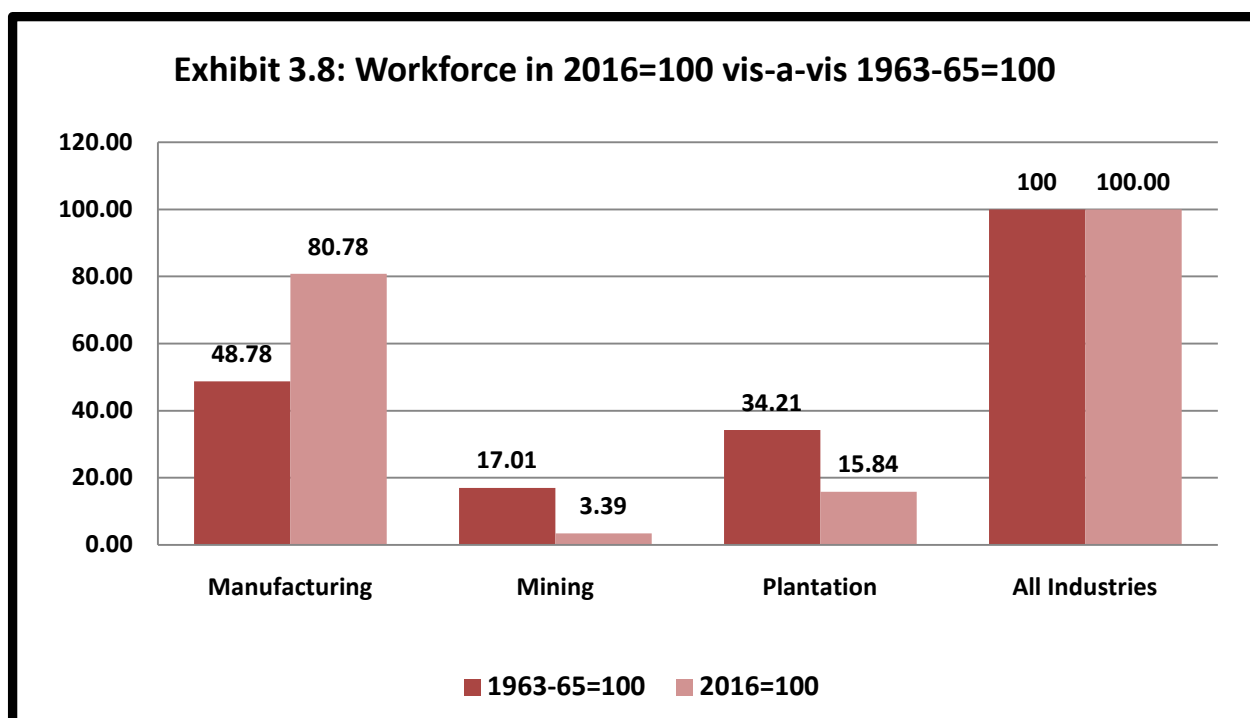

Serial in order	Sector	Industries (As per OWS Second Round)	Employment (As per OWS Second Round)	Industries (As per OWS Seventh Round)	Employment (As per OWS Seventh Round)
1	Manufacturing	14	12,77,616	30	61,65,054
2	Mining	3+1*	4,45,589	4	2,58,364
3	Plantation	3	8,96,002	3	12,08,895
9	All Industries	21	26,19,207	37	76,32,313

3.2.2 WORKFORCE IN 2016=100 SERIES

The distribution of workers in the industries selected for New Wage Rate Index Series with base 2016=100 is presented in Exhibit 3.8.

The total number of workers in 37 industries selected in the WRI basket of 2016=100 series is estimated to be 76,32,313. At Sector level, Manufacturing Sector has maximum number of workers (61,65,054) in the total workforce, followed by Plantation Sector (12,08,895 workers) and Mining Sector (2,58,364 workers).

Out of 76.32 lakh workers estimated for 37 industries as a whole, Tea Plantation had highest share of 15.11 percent in the total manual workforce, followed by Textile Garments (11.33 percent), Motor Vehicles (8.51 percent), Iron & Steel (7.98 percent), Cotton Textiles (7.72 percent), Tobacco (5.97 percent) and Paper (5.00 percent). These seven industries with total employment of 47,03,827 manual workers accounted for nearly 61.63 percent of the total weights in the WRI basket of 2016=100 series.

3.2.3 WEIGHTS IN 2016=100 SERIES

The distribution of workers in the industries selected for New Wage Rate Index Series with base 2016=100 is presented in Exhibit 3.8.

The weights adopted for the construction of wage rate index numbers at occupation level are in proportion to the base year estimated employment figures in the respective occupations in each selected industry. The weights approved at Industry/Sector/All-India level for the New WRI Series are in proportion to the base year estimated total wage bill figures in the respective categories with total weight as 100.

The total wage bill for 37 industries selected in the WRI basket of 2016=100 series is estimated to be Rs. 3,16,78,95,795.08. At Sector level, Manufacturing Sector has maximum wage bill (Rs. 2,61,57,09,071.52) in the total wage bill, followed by Mining Sector (Rs. 35,57,12,819.01) and Plantation Sector (Rs. 19,64,73,904.55).

Accordingly, Manufacturing, Mining and Plantation Sector have weights of 82.57 percent, 11.23 percent and 6.20 percent, respectively.

Exhibit 3.9: Sectoral Contribution in Weighting Diagram of 2016=100 Series

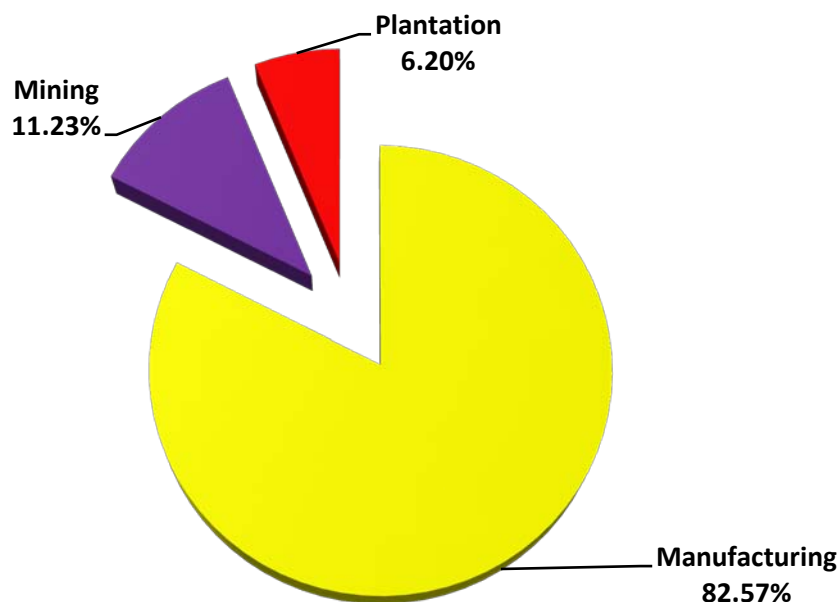

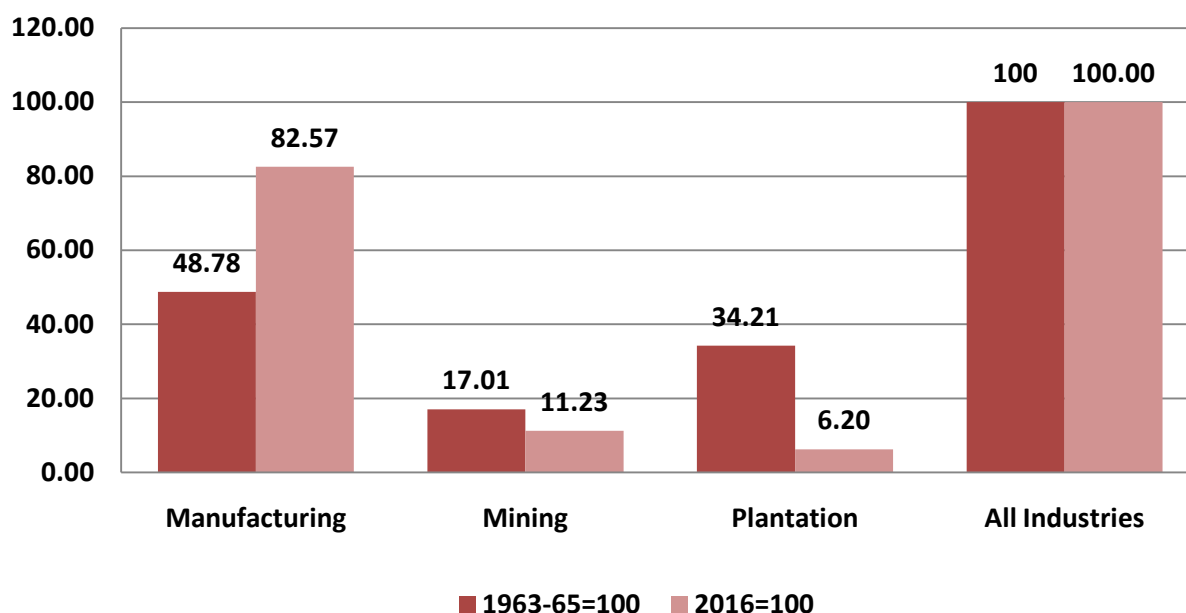

Exhibit 3.10: Weights in 2016=100 vis-a-vis 1963-65=100

3.3 TOP AND BOTTOM INDUSTRIES

At Industry level out of total wage bill of Rs. 316.79 crores estimated for all the 37 industries, Motor Vehicles has maximum share (11.49

percent), followed by Coal Mines (9.53 percent), Textile Garments (9.32 percent), Iron & Steel (9.30 percent), Cotton Textiles (6.55 percent), Paper (6.30 percent), Tea Plantation (5.60 percent), Synthetic Textiles (3.75 percent), Castings & Forgings (3.68 percent) and Drugs & Medicines (3.38 percent). These ten industries with total wage bill of Rs. 2,18,27,82,351.75 accounted for nearly 68.90 percent of the total weights in the New WRI Series with base 2016=100.

Exhibit 3.11: Top/Bottom Industries in 2016=100 Series

Serial in order	WRI Basket (2016=100)
Top Five Industries	
1	Motor Vehicles (11.49%)
2	Coal Mines (9.53%)
3	Textile Garments (9.32%)
4	Iron & Steel (9.30%)
5	Cotton Textiles (6.55%)
Bottom Five Industries	
1	Silk Textiles (0.13%)
2	Woollen Textiles (0.21%)
3	Match (0.22%)
4	Locomotives (0.27%)
5	Coffee Plantation & Manganese Mines (0.28% each)

3.4 WAGE RATE

Wage Rate is generally defined as the price for working energy spent by a worker either during specified period of time or for a specified measure of performance. Wage Rate, therefore, includes only those components of earnings, which can be considered as reliable indicators of this price of working energy spent by a worker. In organised industrial sector in India, basic wage and dearness allowance, which is paid to compensate the loss in real wage due to inflation, are the two components of earnings, which reflect the Wage Rate. The other allowances such as house rent, medical allowances, shift allowance, bonus, gratuity, social security expenses, etc. are excluded from the definition of Wage Rate.

In order to ensure comparability, the term wage rate has been defined as the sum of basic wage and dearness allowance in respect of workers who receive both these components, while, for other workers the actual

consolidated amount of earnings represent wage rate. The monthly, fortnightly and weekly wages actually paid are divided respectively by the actual mandays worked during the reference period to arrive at average daily minimum and maximum wage rates. To derive per day minimum and maximum wage rates, the monthly, fortnightly and weekly wage rates are divided by 26, 12 and 6, respectively. The simple mean of average daily minimum wage rate and maximum wages rate is the average daily wage rate.

3.5 ESTIMATION

The estimation procedure designed for the New WRI Series used to estimate the employment and wage rates by occupations of an selected industry was according to the recommendations of TAC on OWS/WRI. The estimation procedure adopted for each of these characteristics is given the reports available on the Labour Bureau website i.e. www.labourbureaunew.gov.in.

3.5.1 CONSTRUCTION OF WAGE RATE INDEX NUMBER

Like Consumer Price Index Numbers, which measures relative changes in prices over time, the Index Numbers of Wage Rates measures relative changes in wage rates in selected industries.

There are 32 combinations possible under each occupation within an industry, categorized by System of Payment (Time-Rated/Piece-Rated), Sexage (Men/Women/Children/Adolescent) and Type of Workers (Regular/Contract/Casual/Apprentice). For each such combination under an occupation of the selected industry, we have sample employment (e1) and sample mean wage rate (w1) at unit/establishment level for time period 1. Then, the simple sum of the sample employment (e1) and the weighted average of sample wage rate (w1), weights being corresponding sample employment, gives sample employment (se1) and average wage rate (sw1) for the occupation under study at unit/establishment level, respectively. For each occupation within an industry, we derive sample employment (se1) and sample wage rate (sw1) in respect of say, n reporting units/establishments. Then, the weighted average of sample wage rate (sw1), weights being sample employment (se1) of the unit/establishment, gives average wage rate (W1j) for the occupation (j) at time period (1). Similarly, the weighted average of sample wage rate (sw0), weights being sample employment (se0), gives average wage rate (W0j) for the occupation (j) at time period (0). The ratio of (W1j) to (W0j), multiplied by 100 gives the occupation level wage rate index value at time period 1.

The Wage Rate Index (WRI) Number for an industry is given by the Laspeyre's formula as under:

$$I = \frac{\sum_{j=1}^k E^0 j \cdot W^1 j}{\sum_{j=1}^k E^0 j \cdot W^0 j} \times 100$$

where,

I = Wage Rate Index for an occupation in an industry
 $E^{\circ}j$ = Estimated employment of the j-th occupation in an industry in the base period
 $W^{\circ}j$ = Mean wage rate (of maximum & minimum) for the j-th occupation in the given industry in the base period.
 W^1j = Mean wage rate (of maximum & minimum) for the j-th occupation in the given industry in the current half year

Therefore, the weighted average of the occupation level indices in an industry, weights being the base year estimated employment in each occupation, gives WRI at the industry level. Similarly, the weighted average of the industry level indices, weights being the base year estimated total wage bill in each industry, gives Sectoral WRI. The weighted average of the sectoral indices, weights being the base year estimated total wage bill in each sector, gives All-India Index.

3.5.2 AVERAGE DAILY ABSOLUTE DAILY WAGE RATE

Wage Rate Index numbers measure the relative changes in wage rates over a period of time. However, high or low Wage Rate Index in an industry does not necessarily indicate high or low Wage Rate in that industry as compared to other industries. To overcome this problem, statistics on Industry/Sector-wise Average Daily Absolute Wage Rate are compiled to study wage rates in the selected Industry. Average Daily Absolute Wage Rate at occupation level is defined as the weighted average of the current half year's wage rates, weights being the corresponding estimated employment in base year. Average Daily Absolute Wage Rate at Industry/Sector/All-India level is defined as the weighted average of the current half year's wage rates, weights being the corresponding estimated total wage bill in the base year in Industry/Sector/All-India.

3.5.3 Average Daily Real Wage Rates at 2001 Prices

Absolute Wage Rates indicates the overall wage, which a worker is getting for his services at current price. However, it may not be a true indicator of living conditions of workers over a period of time, as it does not take into account the inflation rate. For obtaining the real value of wage, Average Daily Absolute Wage Rate needs to be discounted for the inflation rate. To overcome this limitation, Labour Bureau brings out Average Daily Real Wage Rates at 2001 prices.

The Real Wage Rate at 2001 prices for the year 'y' are calculated as follows:

$$RW^y = \frac{{}_{2001=100}CPI^{2001}}{{}_{2001=100}CPI^y} \times AW^y$$

where,

RW^y = Real Wage Rate for the year 'y' at 2001 prices.
 AW^y = Average Daily Absolute Wage Rate for the year 'y'.
 ${}_{2001=100}CPI^{2001}$ = CPI-IW Number for the year 2001 with base 2001=100.
 ${}_{2001=100}CPI^y$ = CPI-IW Number for the year 'y' with base 2001=100.

3.6 WAGE RATE INDEX NUMBERS

Wage Rate Index numbers measures the relative changes in wage rates over a period of time.

Index Numbers of Wage Rates for the 9 Half Years from 2016 (half yearly 2) to 2020 (half yearly 2) in respect of 37 industries comprising 30 Manufacturing, 4 Mining and 3 Plantation industries are presented in Tables 3.1, 3.2, 3.3, 3.10, 3.11 and 3.12.

The All-India point-to-point Wage Rate Index Number, which stood at 119.7 in 2020 (half yearly 2), witnessed an increase of 1.6 percent over the Index (117.8) in 2020 (half yearly 1). The average half yearly growth rate in All-India Wage Rate Index stood at 2.3 percent in 2020 (half yearly 2) over 2016 (half yearly 2).

Among three sectors covered for compilation of indices, the highest Wage Rate Index in 2020 (half yearly 2) was reported for Plantation Sector (126.5) followed by Manufacturing Sector (119.6) and Mining Sector (116.7), respectively. Among these sectors, Wage Rate Index of Mining Sector witnessed the highest increase (1.8 percent) in 2020 (half yearly 2) over 2020 (half yearly 1), followed by Manufacturing Sector (1.7 percent). Plantation Sector witnessed a decline of -0.3 percent in WRI of 2020 (half yearly 2) over 2020 (half yearly 1). The average half yearly growth rate in WRI of Plantation Sector witnessed the highest increase (3.0 percent) in 2020 (half yearly 2) over 2016 (half yearly 2), followed by Manufacturing Sector (2.3 percent) and Mining Sector (2.0 percent), respectively.

Among 37 Industries covered, the highest Wage Rate Index was recorded in Drugs & Medicines (131.4), followed by Sugar (129.8), Motor Cycles (128.1), Jute Textiles (127.9) and Tea Plantation (127.7). On the other hand, the lowest Wage Rate Index was recorded in Rubber Plantation (106.7), followed by Paper (110.7), Castings & Forgings (111.3), Woollen Textiles (111.9) and Synthetic Textiles (112.0). While comparing Wage Rate Index of 2020 (half yearly 2) with that of Index of 2020 (half yearly 1), it was observed that Wage Rate Index of all the industries witnessed increase ranging between a minimum of (-) 2.9 percent in Rubber Plantation to a maximum of 6.3 percent in Tobacco. The average half yearly growth rate in WRI of 2020 (half yearly 2) from 2016 (half yearly 2) was highest in Drugs & Medicines (3.5 percent), followed by Sugar and Jute Textiles (3.3 percent each), Motor Cycles (3.2 percent), Tea Processing and Tea Plantation (3.1 percent each) and Oils & Fats (2.9 percent). There was lowest growth of 0.9 percent and 1.3 percent registered in average half yearly growth rate in Rubber Plantation and Paper industries, respectively.

Among Thirty Manufacturing Industries, the highest Wage Rate Index during 2020 (half yearly 2) was recorded in Drugs & Medicines (131.4), followed by Sugar (129.8), Motor Cycles (128.1), Jute Textiles (127.9) and Tea Processing (127.6). On the contrary, the lowest Index in Manufacturing Sector was recorded in Paper (110.7), followed by Castings & Forgings (111.3), Woollen Textiles (111.9), Synthetic Textiles (112.0) and Textile Garments (112.4). While comparing Index of 2020 (half yearly

2) with that of 2020 (half yearly 1), it is observed that the growth rate in Wage Rate Index of Tobacco registered a maximum increase of 6.3 percent, followed by Electrical Apparatus (3.8 percent), Drugs & Medicines (3.7 percent), Chemicals & Gases and Cement (3.2 percent each) and Motor Vehicles and Tea Processing (2.5 percent each). The decline in growth rate in Wage Rate Index in 2020 (half yearly 2) with that of 2020 (half yearly 1) was observed in Rubber Plantation (-2.8 percent), followed by Silk Textiles (-1.8 percent), Sugar (-0.9 percent), Textile Garments and Coffee Plantation (-0.5 percent each) and Iron Ore Mines (-0.4 percent). While comparing Index of 2020 (half yearly 2) with that of 2016 (half yearly 2), it is observed that the average half yearly growth rate in Wage Rate Index of Drugs & Medicines registered a maximum increase of 3.5 percent, followed by Sugar and Jute Textiles (3.3 percent each), Motor Cycles (3.2 percent) and Tea Processing and Tea Plantation (3.1 percent each). The lowest increase in average half yearly growth rate of Wage Rate Index was observed in Rubber Plantation (0.9 percent), Paper (1.3 percent) and Castings & Forgings, Woollen Textiles and Synthetic Textiles (1.4 percent each).

Among Four Mining Industries, the maximum Wage Rate Index was recorded in Iron Ore Mines (122.9), followed by Oil Mining (117.4) and Coal Mines (116.3). The minimum Wage Rate Index in this sector was recorded in Manganese Mines (114.5). When compared with previous half year indices (2020 half yearly 1), the highest increase in Wage Rate Index in this sector during 2020 (half yearly 2) was recorded in Manganese Mines (2.2 percent). A decline in Wage Rate Index was recorded in Iron Ore Mines (-0.4 percent) in this sector. When compared with indices of 2016 (half yearly 2), the highest increase in growth rate in this sector during 2020 (Half yearly 2) was recorded in Iron Ore Mines (2.7 percent), followed by Oil Mining (2.0 percent), Coal Mines (1.9 percent) and Manganese Mines (1.7 percent).

In Plantation Sector, the maximum Wage Rate Index was reported in Tea Plantation (127.7), whereas the minimum Index was recorded in Rubber Plantation (106.7). When compared with 2020 (half yearly 1), the maximum decrease in the Index during 2020 (half yearly 2) was recorded in Rubber Plantation (-2.8 percent), followed by Coffee Plantation (-0.5 percent) and Tea Plantation (-0.2 percent). When compared with 2016 (half yearly 2), the maximum increase in the Index during 2020 (half yearly 2) was recorded in Tea Plantation (3.1 percent), whereas the minimum increase was recorded in Rubber Plantation (0.9 percent).

Out of total thirty seven industries covered for compilation of indices, the Wage Rate Index of twelve Manufacturing industries, two industries in Mining industries and one Plantation industry had lower Wage Rate Index than all industries combined Wage Rate Index of 119.7.

Graphical presentation of the trend in Wage Rate Index by Sectors is given in Graphs I, II & III.

3.7 Average Daily Absolute Wage Rates

High or low wage rate index in an industry does not necessarily indicate high or low wage rate in one industry as compared to other industries. To overcome this problem, Average Daily Absolute Wage Rate is defined as

the weighted average of the current year's wage rates, weights being the corresponding employment in base year in an Occupation/Industry/Sector.

Average Daily Absolute Wage Rates for the 9 Half Years from 2016 (half yearly 2) to 2020 (half yearly 2) are given in the Tables 3.4, 3.5, 3.6, 3.13, 3.14 and 3.15.

The All-India Absolute Wage Rate stood at Rs. 585.5 in 2020 (half yearly 2) as compared to Rs. 576.1 in 2020 (half yearly 1), registering a growth rate of 1.6 percent. The average half yearly growth rate in All-India Average Daily Absolute Wage Rate stood at 2.2 percent in 2020 (half yearly 2) over 2016 (half yearly 2).

Among three sectors covered during 2020 (half yearly 2), the highest Average Daily Absolute Wage Rate was recorded in Mining Sector (Rs. 1604.3), followed by Manufacturing Sector (Rs. 475.0) and lowest (Rs. 212.3) in Plantation Sector.

Among 37 industries covered, the highest Average Daily Absolute Wage Rate was recorded in Coal Mines (Rs. 1730.4), followed by Oil Mining (Rs. 1075.9), Manganese Mines (Rs. 849.2), Tyres & Tubes (Rs. 731.7), Petroleum (Rs. 705.3), Jute Textiles (Rs. 698.5), Sugar (Rs. 694.9) and Iron Ore Mines (Rs. 679.4). On the contrary, the lowest Average Daily Absolute Wage Rate was witnessed in Tea Plantation (Rs. 193.7), followed by Match (Rs. 196.2), Tea Processing (Rs. 243.0) and Tobacco (Rs. 319.5).

Out of 37 industries, twenty eight industries, consisting of twenty five from Manufacturing sector and all three industries from Plantation sector, recorded less than All India Average Absolute Wage Rate (Rs. 585.5) for all industries.

Among Manufacturing industries, the highest Average Daily Absolute Wage Rate was recorded in Tyres & Tubes (Rs. 731.7), followed by Petroleum (Rs. 705.3), Jute Textiles (Rs. 698.5), Sugar (Rs. 694.9) and Milk Products (Rs. 634.6). The lowest Average Daily Absolute Wage Rate in the sector was reported at Rs. 196.2 in Match, followed by Tea Processing (Rs. 243.0), Tobacco (Rs. 319.5), Chemicals & Gases (366.4) and Plastic Articles (394.0).

Among Mining industries, the highest and lowest Average Daily Absolute Wage Rate was reported in Coal Mines (Rs. 1730.4) and Iron Ore Mines (Rs. 679.4), respectively.

In Plantation Sector, the highest and lowest Average Daily Absolute Wage Rate varied between Rs. 425.2 in Rubber Plantation and Rs. 193.7 in Tea Plantation.

Graphical presentation of the trend in Average Daily Absolute Wage Rate by Sectors is given in Graphs IV, V & VI.

3.8 Average Daily Real Wage Rates at 2001 Prices

For obtaining the real value of wage, Absolute Wage Rate needs to be discounted for the inflation rate. Accordingly, Labour Bureau also publishes Average Daily Real Wage Rates at 2001 prices.

Average Daily Real Wage Rates at 2001 prices for the period 2016 half yearly 2 to 2020 half yearly 2 are given in Tables 3.7, 3.8, 3.9, 3.16, 3.17 and 3.18.

During 2020 (half yearly 2), All India Real Wages at 2001 prices was Rs. 174.3 as compared to Rs. 176.1 in 2016 (half yearly 2).

Among three sectors covered, the highest Average Daily Real Wage Rate at 2001 prices was reported in Mining sector (Rs. 477.5) followed by Manufacturing sector (Rs. 141.4). In Plantation Sector, the Average Daily Real Wages was reported as low as Rs. 63.2.

Average Daily Real Wage Rate at industry level followed almost the same pattern as in Average Daily Absolute Wage Rate.

While comparing Average Daily Real Wage Rate over years, it is observed that for all industries combined, the Real Wage Rate in 2020 (half yearly 2) over 2016 (half yearly 2) (i.e. in last 9 half years) has declined at a rate of 0.1 percent per half year. At Sector Level, the decline per half year in Real Wage Rate was observed in Mining Sector (0.4 percent), whereas the average half yearly growth rate has increased in Plantation Sector at a rate of 0.5 percent. There was no change in the average half yearly growth rate in Manufacturing Sector.

Graphical presentation of the trend in Average Daily Real Wage Rates by sectors is given in Graphs VII, VIII & IX.

ANNEXURES

S.No. 1 (R)

No. Y-16011/3/2014-ESA (LB)
Government of India
Ministry of Labour & Employment
(ESA Section)

Shram Shakti Bhavan, Rafi Marg,
New Delhi, dated 01 November, 2019

ORDER

In continuation of this Ministry's Office order of even no dated 6.11.2017, the Government hereby reconstitutes the for examination of the technical aspects of base revision of Wage Rate Index by Labour Bureau. The composition of the Technical Advisory Committee (TAC) would be as follows:

Sr.No.	Name of the officer & Designation	
1.	Sh G.C Manna, Ex DG, CSO	Chairman
2.	Sh Sunil Chaudhry, DDG, Labour Bureau	Member
3.	Sh I.S Negi, DDG, Labour Bureau	Member
5.	Sh. Sunil Prakash Bhardwaj, DDG, MoLE	Member
6.	Kailash G. Sharma, Director, Labour Bureau	Member
7.	Sh. Ashok Kumar, DD, Labour Bureau	Member
8.	Sh. Navdeep Singh, DD, Labour Bureau	Member Secretary

2. Terms of Reference:-

- To examine the technical aspects like methodology of compilation, sample size, frequency of compilation and finalization of schedule of Wage Rate Index Numbers.
- To take up the exercise of base revision of WRI.
- To make recommendations for further improvements
- To consider any other relevant issue/matter as may be necessary.

Continue/-

4/11/19

3. The TAC may also invite subject experts from within and/or outside the Government as special invitee to seek valuable suggestion.

4. The period of the TAC shall be of one year i.e from 6.11.2019 to 5.11.2020. Necessary secretarial assistance to the TAC will be provided by the Labour Bureau.

5. The expenditure on payment of TA & DA to non-official members and all other expenditure in connection with the work of the TAC shall be met from the funds of the Labour Bureau, Chandigarh, an attached office under the Ministry of Labour and Employment. The expenditure on TA&DA in respect of official members will be met from the source from which their pay and allowances are drawn.

6. This issues with the approval of Hon'ble Minister for Labour & Employment, Government of India.

DDG(S)

No. Y-16011/3/2014-ESA (LB) E
Government of India
Ministry of Labour & Employment
(ESA Section)

Shram Shakti Bhawan, New Delhi,
Dated 20th July, 2021

ORDER

In continuation of this Ministry's Office order of even no dated 1.11.2019, the Government hereby reconstitutes the Technical Advisory Committee (TAC) for examination of the technical aspects of base revision of Wage Rate Index by Labour Bureau. The composition of the Technical Advisory Committee (TAC) would be as follows:

Sr. No.	Name of the officer & Designation	
1.	Sh G.C Manna, Ex DG, CSO, M/o Statistics & Programme Implementations.	Chairman
2.	Sh I.S Negi, Director General, Labour Bureau	Member
3.	Sh Hardeep Singh Chopra, DDG, Labour Bureau	Member
4.	DDG, M/o Labour & Employment	Member
5.	Sh. Kailash G. Sharma, Director, Labour Bureau	Member
6.	Sh. Ashok Kumar, DD, Labour Bureau	Member
7.	Sh. Navdeep Singh, DD, Labour Bureau	Member Secretary
8.	Ms. Anu Verma, AD(LB)	Member

2. Terms of Reference:-

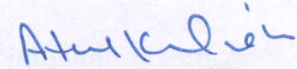

- i) To examine the technical aspects like methodology of compilation, sample size, frequency of compilation and finalization of the schedule of Wage Rate Index Numbers.
- ii) To take up the exercise of base revision of WRI.
- iii) To make recommendations for further improvements.
- iv) To consider any other relevant issue/matter as may be necessary.

3. The TAC may also invite subject expert(s) from within and/or outside the Government as a special invitee to seek valuable suggestion.

4. The period of the TAC shall be for One year i.e from 5.11.2020 to 4.11.2021 or till the formal release of WRI New Series (2016=100), whichever is earlier. Necessary secretarial assistance to the TAC will be provided by the Labour Bureau.

5. The expenditure on payment of TA & DA to non-official members and all other expenditure in connection with the work of the TAC shall be met from the funds of the Labour Bureau, Chandigarh, an attached office under the Ministry of Labour and Employment. The expenditure on TA&DA in respect of official members will be met from the source from which their pay and allowances are drawn.

6. This issues with the approval of Hon'ble Minister for Labour & Employment, Government of India.

(Atul Kumar Singh)

Under Secretary to the Govt. of India

Tele: 011-23753083

To:

- i) Director General, Labour Bureau
- ii) Shri G.C Manna, email- gc.manna1@gmail.com

Copy to:-

- i) PPS to Secretary (L&E), MoLE
- ii) PPS to SLEA, MoLE

List of 56 Industries selected for coverage under 7th round of Occupational Wage Survey.**(A) MINING SECTOR (The Mines Act, 1952)**

- 1 Coal Mines Industry
- 2 Iron Ore Mines Industry
- 3 Manganese Mines Industry
- 4 Oil Mines Industry

(B) PLANTATION SECTOR (The Plantation Labour Act, 1951)

- 1 Coffee Plantations Industry
- 2 Rubber Plantations Industry
- 3 Tea Plantations Industry

(C) SERVICE SECTOR

- 1 Railways Industry
- 2 Public Motor Transport Undertakings Industry
- 3 Ports and Docks Industry
- 4 Electricity Generation and Distribution Industry

(D) MANUFACTURING INDUSTRY (The Factories Act, 1948)**1 Sugar Industry**

- I. 10721 Manufacture or refining of sugar (sucrose) from sugarcane
- II. 10722 Manufacture of 'gur' from sugarcane
- III. 10723 Manufacture of 'gur' from other than sugarcane
- IV. 10724 Manufacture of 'khandsari' sugar from sugarcane
- V. 10725 Manufacture of 'khandsari' sugar from other than sugarcane
- VI. 10726 Manufacture of 'boora' and candy from sugarcane
- VII. 10727 Manufacture of 'boora' and candy from other than sugarcane
- VIII. 10728 Manufacture of molasses
- IX. 10729 Manufacture of sugar from other sources (juice of palm, sugar beet etc.)

2 Oils and Fats Industry

- I. 10401 Manufacture of hydrogenated oil and vanaspati ghee
- II. 10402 Manufacture of vegetable oils and fats excluding corn oil
- III. 10403 Manufacture of edible animal oils and fats
- IV. 10404 Manufacture of fish oil
- V. 10405 Manufacture of non-edible animal oil and fats
- VI. 10406 Manufacture of oil cakes & meals incl. residual products, e.g. Oleostearin, Palmstearin
- VII. 10407 Manufacture of non-defatted flour or meals of oilseeds, oilnuts or kernels
- VIII. 10408 Manufacture of non-defatted flour or meals of oilseeds, oilnuts or kernels
- IX. 10409 Manufacture of other vegetable oil, animal oil and fats n.e.c

3 Processing of Edible Nuts Industry

- I. 10793 Processing of edible nuts

4 Tobacco Products Industry

- I. 12001 12001 Stemming and redrying of tobacco
- II. 12002 12002 Manufacture of bidi
- III. 12003 12003- Manufacture of cigarettes, cigarette tobacco

List of 56 Industries selected for coverage under 7th round of Occupational Wage Survey.

IV.	12004	12004 Manufacture of cigars and cheroots
V.	12005	12005 Manufacture of snuff
VI.	12006	12006 Manufacture of zarda
VII.	12007	12007 Manufacture of catechu(katha) and chewing lime
VIII.	12008	12008 Manufacture of pan masala and related products.
IX.	12009	12009 Manufacture of other tobacco products including chewing tobacco n.e.c.
- 5 Cotton Textiles Industry**
- | | | |
|------|-------|---|
| I. | 13111 | Preparation and spinning of cotton fibre including blended cotton |
| II. | 13121 | Weaving, manufacture of cotton and cotton mixture fabrics |
| III. | 13131 | Finishing of cotton and blended cotton textiles. |
| IV. | 13911 | Manufacture of knitted and crocheted cotton fabrics |
- 6 Woolen Textiles Industry**
- | | | |
|------|-------|--|
| I. | 13113 | Preparation and spinning of wool, including other animal hair and blended wool including other animal hair |
| II. | 13123 | Weaving, manufacture of wool and wool mixture fabrics. |
| III. | 13133 | Finishing of wool and blended wool textiles |
| IV. | 13912 | Manufacture of knitted and crocheted woolen fabrics |
- 7 Silk Textiles Industry**
- | | | |
|------|-------|---|
| I. | 13112 | Preparation and spinning of silk fibre including blended silk |
| II. | 13122 | Weaving, manufacture of silk and silk mixture fabrics. |
| III. | 13132 | Finishing of silk and blended silk textiles. |
- 8 Synthetic Textiles Industry**
- | | | |
|------|-------|--|
| I. | 13114 | Preparation and spinning of man-made fibre including blended* man-made fibre |
| II. | 13124 | Weaving, manufacturing of man-made fibre and man-made mixture fabrics. |
| III. | 13134 | Finishing of man-made and blended man-made textiles. |
| IV. | 13913 | Manufacture of knitted and crocheted synthetic fabrics |
- 9 Jute Textiles Industry**
- | | | |
|------|-------|--|
| I. | 13119 | Preparation and spinning of jute, mesta and other natural fibres including blended natural fibres n.e.c. *Blended yarn/fabrics means, yarn/fabrics containing more than 50% of one fibre |
| II. | 13129 | Weaving of jute, mesta and other natural fibres including blended natural fibres n.e.c. |
| III. | 13135 | Finishing of jute, mesta and other vegetable textiles fabrics |
| IV. | 13935 | Manufacture of carpets, and other floor coverings made of jute, mesta and coir |
| V. | 13942 | Manufacture of cordage or rope made of jute |
- 10 Textile Garments Industry**
- | | | |
|----|-------|---|
| I. | 14101 | Manufacture of all types of textile garments and clothing |
|----|-------|---|
- 11 Paper and Paper Products Industry**
- | | | |
|-----|-------|---------------------------|
| I. | 17011 | Manufacture of pulp |
| II. | 17012 | Manufacture of news print |

List of 56 Industries selected for coverage under 7th round of Occupational Wage Survey.

III.	17013	Manufacture of paper and paper rolls not further processed
IV.	17014	Manufacture of packing paper
V.	17015	Manufacture of other special purpose paper (excluding computer stationary)
VI.	17016	Manufacture of paper board, straw board
VII.	17017	Manufacture of hard board including false board and chip board
VIII.	17019	Manufacture of other primary paper materials including composite paper and paper board n.e.c.
IX.	17021	Manufacture of corrugated paper and paperboard
X.	17022	Manufacture of corrugated paper board containers
XI.	17023	Manufacture of card board boxes
XII.	17024	Manufacture of sacks and bags of paper
XIII.	17029	Manufacture of other containers of paper and paperboard n.e.c.
XIV.	17091	Manufacture of computer paper
XV.	17092	Manufacture of paper cups, saucers, plates, hoops, cones and other similar products.
XVI.	17093	Manufacture of printing, writing and photocopying paper ready for use
XVII.	17094	Manufacture of paper pulp articles other than containers (such as egg trays)
XVIII.	17095.	Manufacture of file cover/file boards, and similar articles
XIX.	17096	Manufacture of wall paper
XX.	17097	Manufacture of carbon paper & stationary items
XXI.	17099	Manufacture of other paper products n.e.c.
12	Printing and Publishing Industry	
I.	18111	Printing of newspapers
II.	18112	Printing of magazines and other periodicals, books and brochures, maps, atlases, posters etc.
III.	18113	Printing of postage stamps, taxation stamps, cheques and other security papers.
IV.	18114	Printing of bank notes, currency notes
V.	18115	Printing directly onto textiles, flexographic plastic, glass, metal, wood and ceramics
VI.	18119	Other printing activities like screen printing other than textile n.e.c.
VII.	58111	Publishing of books, brochures, leaflets and similar publications, including publishing encyclopedias (including on CD-ROM)
VIII.	58112	Publishing of atlases, maps and charts
IX.	58113	Publishing of audio books
X.	58121	Publishing of mailing lists and telephone directories
XI.	58122	Publishing of other directories and compilations, such as case law, pharmaceutical compendia etc.
XII.	58131	Publishing of newspapers
XIII.	58132	Publishing of journals and periodicals
XIV.	58191	On-line publishing of statistics and other information
XV.	58199	Other publishing activities (including on-line) n.e.c.
XVI.	58201	Publishing of operating systems and system software
XVII.	58202	Publishing of operating business and other applications
XVIII.	58203	Publishing of computer games for all platforms
13	Footwear Industry	
I.	15201	Manufacture of leather footwear such as shoes, sandals, chappals,

List of 56 Industries selected for coverage under 7th round of Occupational Wage Survey.

		leather- cum-rubber/plastic cloth sandles and chappal
II.	15202	Manufacture of footwear made primarily of vulcalized or moulded rubber and plastic.
III.	15209	Manufacture of other footwear n.e.c.
14	Petroleum Refineries Industry	
I.	19201	Production of liquid and gaseous fuels, illuminating oils, lubricating oils or greases or other products from crude petroleum or bituminous minerals
II.	19202	Manufacture of paraffin wax
III.	19203	Bottling of LPG/CNG
IV.	19204	Manufacture of hard-coal and lignite fuel briquettes
V.	19209	Manufacture of other petroleum n.e.c. (includes manufacture of petroleum
15	Chemicals & Gases Industry	
I.	20111	Manufacture of liquefied or compressed inorganic industrial or medical gases (elemental gases, liquid or compressed air, refrigerant gases, mixed industrial gases etc.)
II.	20112	Manufacture of inorganic acids except nitric acid
III.	20113	Manufacture of tanning or dyeing extracts; tannings and their derivatives and colouring matter (including manufacture of indigo)
IV.	20114	Manufacture of dyes and pigments from any source in basic form or as concentrate
V.	20115	Manufacture of turpentine and resins of vegetable origin
VI.	20116	Manufacture of basic chemical elements
VII.	20117	Manufacture of distilled water
VIII.	20118	Manufacture of synthetic aromatic products
IX.	20119	Manufacture of organic and inorganic chemical compounds n.e.c.
16	Fertilizers Industry	
I.	20121	Manufacture of urea and other organic fertilizers
II.	20122	Manufacture of straight mixed, compound or complex inorganic fertilizers
III.	20123	Manufacture of associated nitrogen products (nitric and sulphonitric acids, ammonia, ammonium chloride, ammonium carbonate, nitrites and nitrates of potassium)
IV.	20129	Manufacture of other fertilizers n.e.c.
17	Drugs & Medicines Industry	
I.	21001	Manufacture of medicinal substances used in the manufacture of pharmaceuticals: antibiotics, endocrine products, basic vitamins; opium derivatives; sulpha drugs; serums and plasmas; salicylic acid, its salts and esters; glycosides and vegetable alkaloids; chemically pure suger etc
II.	21002	Manufacture of allopathic pharmaceutical preparations
III.	21003	Manufacture of `ayurvedic' or `unani' pharmaceutical preparation
IV.	21004	Manufacture of homoeopathic or biochemic pharmaceutical preparations
V.	21005	Manufacture of veterinary preparations

List of 56 Industries selected for coverage under 7th round of Occupational Wage Survey.

	VI.	21006	Manufacture of medical impregnated wadding, gauze, bandages, dressings, surgical gut string etc.
	VII.	21009	Manufacture of other pharmaceutical and botanical products n.e.c. like hina powder etc.
18	Soaps & Detergents Industry		
	I.	20231	Manufacture of soap all forms
	II.	20232	Manufacture of cleaning and polishing products (preparations for perfuming or deodorizing rooms; artificial waxes and prepared waxes; polishes and creams for leather, wood, glass, metal etc.; scouring pastes and powders, including paper, wadding etc. coated or covered with these)
	III.	20233	Manufacture of detergent and similar washing agents excluding soap
	IV.	20234	Manufacture of perfumes and cologne de-eau
	V.	20235	Manufacture of preparations for oral or dental hygiene (includes manufacture of toothpastes, toothpowder, mouthwash, oral, perfumes, dental fixative pastes and powders etc.)
	VI.	20236	Manufacture of hair oil, shampoo, hair dye etc. (includes manufacture of shampoos, hair sprays, hair fixers, hair oils, hair creams, hair dyes and bleaches and preparations for permanent waving or straightening of the hair etc.)
	VII.	20237	Manufacture of cosmetics and toileteries (includes manufacture of preshave, shaving or after shave preparations; personal deodorants and antirespirants; perfumed bath salts and other bath preparations; beauty or make-up preparations and preparations for the care of the skin, other than medicaments; manicure and pedicure preparations etc.)
	VIII.	20238	Manufacture of “agarbatti” and other preparations which operate by burning
	IX.	20239	Manufacture of other perfumes and toilet preparations n.e.c.
19	Match Industry		
	I.	20291	Manufacture of matches
20	Glass & Glass Products Industry		
	I.	23101	Manufacture of glass in primary or semi-manufactured forms (such as sheets & plate glass) including mirror sheets and wired, coloured, tinted, toughened or laminated glass
	II.	23102	Manufacture of glass fibre (including glass-wool) and yarn of glass fibre; nonwoven glass fabrics, mats, boards and similar non-woven products
	III.	23103	Manufacture of hollow glassware (bottles, jars etc.) for the conveyance or packing of goods
	IV.	23104	Manufacture of laboratory or pharmaceutical glassware
	V.	23105	Manufacture of table or kitchen glassware
	VI.	23106	Manufacture of glass bangles
	VII.	23107	Manufacture of glass decoration pieces and glassware used in imitation jewellery
	VIII.	23109	Manufacture of other glassware/glass products: articles of glass used in construction such as glass blocks; clock or watch glasses, optical glass and optical glass elements not optically worked; and other glass

List of 56 Industries selected for coverage under 7th round of Occupational Wage Survey.

		products (including glass beads) n.e.c.
21	Cement Industry	
	I. 23941	Manufacture of clinkers and cement
	II. 23942	Manufacture of portland cement, aluminous cement, slag cement and similar hydraulic cement
	III. 23943	Manufacture of asbestos cement
	IV. 23949	Manufacture of other cement and plaster n.e.c.
	V. 23952	Manufacture of articles articles of concrete, cement or artificial stone (tiles,bricks etc.)
	VI. 23953	Manufacture of asbestos sheets
	VII. 23954	Manufacture of R.C.C. bricks and blocks
	VIII. 23959	Manufacture of other cement and asbestos cement products n.e.c.
22	Iron and Steel Industry	
	I. 24101	Manufacture of pig iron and spiegeleisen in pigs, blocks or other primary forms
	II. 24102	Manufacture of direct reduction of iron (sponge iron) and other spongy ferrous products
	III. 24103	Manufacture of steel in ingots or other primary forms, and other semifinished products of steel
	IV. 24104	Manufacture of ferro-alloys
	V. 24105	Manufacture of hot-rolled and cold-rolled products of steel
	VI. 24106	Manufacture of tube and tube fittings of basic iron and steel
	VII. 24107	Manufacture of railway track materials (unassembled rails) of steel
	VIII. 24108	Manufacture of wire of steel by cold drawing or stretching
	IX. 24109	Manufacture of other basic iron and steel n.e.c
23	Castings and Forgings Industry	
	I. 24311	Manufacture of tubes, pipes and hollow profiles and of tube or pipe fittings of cast-iron/cast-steel
	II. 24319	Manufacture of other iron and steel casting and products thereof
	III. 24320	Casting of non-ferrous metals
	IV. 25910	Forging, pressing, stamping and roll-forming of metal; powder metallurgy
24	Agricultural Machinery Industry	
	I. 28211	Manufacture of tractors used in agriculture and forestry
	II. 28212	Manufacture of ploughs, manure spreaders, seeders, harrows and similar agricultural machinery for soil preparation, planting or fertilizing, harvesting or threshing machinery
	III. 28213	Manufacture of spraying machinery for agricultural use
	IV. 28219	Manufacture of other agricultural and forestry machinery n.e.c
25	Textile Machinery Industry	
	I. 28261	Manufacture of machinery for preparation of textile fibres, spinning machines, machines for preparing textile yarns, weaving machines (looms), including hand looms, knitting machines
	II. 28262	Manufacture of textile printing machinery
	III. 28263	Manufacture of machinery for washing, bleaching, dyeing, dressing,

List of 56 Industries selected for coverage under 7th round of Occupational Wage Survey.

		finishing coating or impregnating textile fabrics, machines for reeling, unreeling, folding, cutting or pinking textile fabrics, and similar machinery for fabric processing
IV.	28264	Manufacture of ironing machines, commercial washing and drying machines, dry-cleaning machines and other laundry machinery
V.	28265	Manufacture of sewing machines, sewing machine heads and sewing machine needles (whether or not for household use)
VI.	28266	Manufacture of machinery for preparing, tanning or working hides, skins or leather, machinery for making or repairing footwear or other articles of hides, skins, leather or fur skins
VII.	28269	Manufacture of other machinery for textiles, apparel and leather production n.e.c.
26	Machine Tools Industry	
I.	28221	Manufacture of machine tools for turning, drilling, milling, shaping, planning, boring, grinding etc.
II.	28222	Manufacture of electroplating machinery
III.	28223	Manufacture of parts and accessories for the machine tools listed above
IV.	28229	Manufacture of metal-forming machinery and machine tools n.e.c
27	Electrical Industrial Machinery Industry	
I.	27101	Manufacture of power generators (except battery charging alternators for internal combustion engines), motor generator sets (except turbine generator set units)
II.	27102	Manufacture of electric power distribution transformers, arc-welding transformers, fluorescent ballasts, transmission and distribution voltage regulators
III.	27103	Manufacture of electric motors (except internal combustion engine starting motors)
IV.	27104	Manufacture of electricity distribution and control apparatus (electrical apparatus for switching or protecting electrical circuits (e.g. switches, fuses, voltage limiters, surge suppressors, junction boxes etc.) for a voltage exceeding 1000 volts; similar apparatus (including relays, sockets etc.) for a voltage not exceeding 1000 volts; boards, panels, consoles, cabinets and other bases equipped with two or more of the above apparatus for electricity control or distribution of electricity including power capacitors.)
V.	27201	Manufacture of primary cells and primary batteries and rechargeable batteries, cells containing manganese oxide, mercuric oxide silver oxide or other material
VI.	27202	Manufacture of electric accumulator including parts thereof (separators, containers, covers)
28	Electrical Apparatus Industry	
I.	27310	Manufacture of fibre optic cables for data transmission or live transmission of images
II.	27320	Manufacture of other electronic and electric wires and cables (insulated wire and cable made of steel, copper, aluminium)
III.	27331	Manufacture of switch, switch box, lamp holders, lugs etc.
IV.	27339	Manufacture of other wiring devices and fittings n.e.c.

List of 56 Industries selected for coverage under 7th round of Occupational Wage Survey.

	V.	27400	Manufacture of electric lighting equipment
	VI.	27900	Manufacture of other electrical equipment
29	Ship Building Industry		
	I.	30111	Building of commercial vessels: passenger vessels, ferry-boats, cargo ships, tankers, tugs, hovercraft (except recreation-type hovercraft) etc.
	II.	30112	Building of warships and scientific investigation ships etc.
30	Locomotives/Wagons Industry		
	I.	30201	Manufacture of electric, diesel, steam and other rail locomotives
	II.	30202	Manufacture of self-propelled railway or tramway coaches, vans and trucks, maintenance or service vehicles
	III.	30203	Manufacture of railway or tramway rolling stock, not self-propelled (passenger coaches, goods vans tank wagons, self-discharging vans and wagons, workshop vans, crane vans, tenders etc.
	IV.	30206	Manufacture of mining locomotives and mining rail cars
31	Motor Vehicles (Motor Vehicles/Trailors/Semi-Trailors) Industry		
	I.	29101	Manufacture of passenger cars
	II.	29102	Manufacture of commercial vehicles such as vans, lorries, over-the-road tractors for semi-trailers etc.
	III.	29103	Manufacture of chassis fitted with engines for the motor vehicles included in this class
	IV.	29104	Manufacture of motor vehicle engines
	V.	29109	Manufacture of motor vehicles n.e.c.
	VI.	29201	Manufacture of bodies, including cabs for motor vehicles
	VII.	29202	Manufacture of trailers and semi-trailers for transport of goods or passengers
	VIII.	29209	Manufacture of other attachments to motor vehicles n.e.c.
	IX.	29301.	Manufacture of diverse parts and accessories for motor vehicles such as brakes, gearboxes, axles, road wheels, suspension shock absorbers, radiators, silencers, exhaust pipes, catalysers, clutches, steering wheels, steering columns and steering boxes etc.
	X.	29302	Manufacture of parts and accessories of bodies for motor vehicles such as safety belts, airbags, doors, bumpers
	XI.	29303	Manufacture of car seats
	XII.	29304.	Manufacture of motor vehicle electrical equipment, such as generators, alternators, spark plugs, ignition wiring harnesses, power window and door systems, assembly of purchased gauges into instrument panels, voltage regulators, etc.
32	Motor Cycle/Scooter Industry		
	I.	30911	Manufacture of motorcycles, scooters, mopeds etc. and their engine
	II.	30912	Manufacture of three-wheelers and their engine
	III.	30913	Manufacture of parts and accessories of three wheelers and motorcycles

List of 56 Industries selected for coverage under 7th round of Occupational Wage Survey.

including side cars

- 33 Bicycles/Rickshaws Industry**
- I. 30921 Manufacture of non-motorized bicycles and other cycles, including cycle-rickshaws, (delivery) tricycles, tandems, children's bicycles and tricycles, baby carriages
 - II. 30922 Manufacture of invalid carriages with or without motor
 - III. 30923 Manufacture of parts and accessories for bicycles, cycle -rickshaws and invalid carriages
- 34 Aircrafts/Spacecrafts & Parts Industry**
- I. 30301 Manufacture of airplanes
 - II. 30302 Manufacture of helicopters
 - III. 30303 Manufacture of gliders, hang-gliders, dirigibles and hot air balloons and other non-powered aircraft
 - IV. 30304 Manufacture of spacecraft and launch vehicles, satellites, planetary probes, orbital stations, shuttles, intercontinental ballistic (ICBM) and similar missiles
 - V. 30305 Manufacture of parts and accessories of the aircraft and spacecraft of this class (major assemblies such as fuselages, wings, doors, control surfaces, landing gear, fuel tanks, nacelles, airscrews, helicopter rotors and propelled rotor blades, motors and engines of a kind typically found on aircraft, parts of turbojets and turbopropellers for aircraft, aircraft seats etc. and other specialised parts of spacecraft)
- 35 Tea Processing Industry**
- 10791 Processing and blending of tea including manufacture of instant tea
- 36 Tyre and Tube Industries**
- I. 22111 Manufacture of rubber tyres and tubes for motor vehicles, motorcycles, scooters, three-wheelers, tractors and aircraft
 - II. 22112 Manufacture of rubber tyres and tubes for cycles and cycle-rickshaws
 - III. 22113 Retreading of tyres; replacing or rebuilding of tread on used pneumatic tyres
 - IV. 22119 Manufacture of rubber tyres and tubes n.e.c
- 37 Steam Generators (Boilers) Industry**
- I. 25123 Manufacture of central heating boilers and radiators and parts and accessories thereof
 - II. 25131 Manufacture of steam or other vapour generating boilers and hot water boilers other than central heating boilers
 - III. 25132 Manufacture of nuclear reactors, except isotope separators
 - IV. 25133 Manufacture of auxiliary plant for use with steam generators (condensers, economizers, superheaters, steam collectors and accumulators)
 - V. 25139 Manufacture of other steam generators (except central heating hot water boilers), n.e.c.
- 38 Dairy Products Industry**
- I. 10501 Manufacture of pasteurised milk whether or not in bottles/ polythene packs etc. (plain or flavoured)

List of 56 Industries selected for coverage under 7th round of Occupational Wage Survey.

	II.	10502	Manufacture of milk-powder, ice-cream powder and condensed milk except baby milk food
	III.	10503	Manufacture of baby milk foods
	IV.	10504	Manufacture of cream, butter, cheese, curd, ghee, khoya etc
	V.	10505	Manufacture of ice-cream, kulfi etc.
	VI.	10509	Manufacture of other dairy products n.e.c.
39	Soft Drink Industry		
	I.	11045	Manufacture of soft drinks
40	Aluminium Industry		
	I.	24202	Manufacture of Aluminium from alumina and by other methods and products of aluminium and alloys
41	Domestic Appliances Industry		
	I.	27501	Manufacture of domestic electric appliances such as refrigerators, washing machines, vacuum cleaners, mixers, grinders etc.
	II.	27502	Manufacture of domestic electrothermic appliances such as electric water heaters, space heaters, irons, ovens, toasters, microwave ovens etc
	III.	27503	Manufacture of electric fans (except exhaust fans)
	IV.	27504	Manufacture of domestic non-electric cooking and heating equipment such as non-electric space heaters, cooking ranges, grates, stoves, water heaters, cooking appliances, plate warmers
	V.	27509	Manufacture of other domestic appliances n.e.c.
42	Televisions Industry		
	I.	26401	Manufacture of televisions, television monitors and displays
43	Computers and Peripheral Equipments Industry		
	I	26201	Manufacture of desktop computers, laptop computers, hand-held computers (e.g. PDA), mainframe computers and computer servers
	ii	26202	Manufacture of magnetic and optical storage devices such as magnetic disk drives, flash drives, CD, DVD and other storage devices
	iii	26203	Manufacture of monitors, keyboards, all types of mice, joysticks, and trackball accessories, dedicated computer terminals etc.
	iv	26204	Manufacture of printers, scanners, including bar code scanners, smart card readers, virtual reality helmets, computer projectors (video beamers)
	V	26205	Manufacture of computer terminals, like automatic teller machines (ATM's), point-of-sale (POS) terminals not mechanically operated
	vi	26209	Manufacture of computers and peripheral equipment n.e.c.
44	Watches & Clocks Industry		
	I.	26521	Manufacture of watches and clocks, including instrument panel clocks (except time-recording equipment)
	II.	26522	Manufacture of components for clocks and watches (springs, jewels, dials, hands, plates, bridges and other parts); watch and clock cases, including cases of precious metals

List of 56 Industries selected for coverage under 7th round of Occupational Wage Survey.

	III.	26523	Manufacture of time-recording equipments such as time-clock, parking meters etc.
	IV.	26529	Manufacture of other watches and clocks n.e.c.
45	Plastic Articles Industry		
	I.	22201	Manufacture of semi-finished of plastic products (plastic plates, sheets, blocks, film, foil, strip etc.)
	II.	22202	Manufacture of tableware, kitchenware and other household articles and toilet articles of plastic, including manufacture of vacuum flasks and other vacuum vessels
	III.	22203	Manufacture of plastic articles for the packing of goods (plastic bags, sacks, containers, boxes, cases, carboys, bottles etc.)
	IV.	22204	Manufacture of bathing tubs, wash-basins, lavatory pans and covers, flushing cisterns and similar sanitary-ware of plastics
	V.	22205	Manufacture of travel goods of plastics (suitcase, vanity bags, holdalls and similar articles)
	VI.	22206	Manufacture of spectacle frames of plastic
	VII.	22207	Manufacture of moulded industrial accessories of plastics (including electrical insulating fittings of plastics)
	VIII.	22208	Manufacture of polymer/ synthetic / PVC water storage tanks
	IX.	22209.	Manufacture of other plastics products n.e.c.

.....about the Labour Bureau

An apex organization for providing data base at the national level for policy formulation, evaluation and research, the Labour Bureau in the Union Ministry of Labour and Employment is the epicenter of all activities involving planning, collection and dissemination of data on various facets of Labour which forms a sound basis for decision making in the Government, industry and by various other user organizations/individuals. Labour Bureau is a store house of important economic indicators like the Consumer Price Index Numbers for industrial and agricultural workers, wage rates, industrial relations, socio-economic conditions in unorganized sector, evaluation and review of working of labour legislations in the country and the like. Labour Bureau has been providing an uninterrupted service to the national and international fora like ILO for the last fifty years. Today, it has assumed an important role in the labour matters and has acquired an un-disputed and indispensable status in the field of labour statistics. Equipped with the expertise of conducting surveys at the national/regional level in diverse fields and in providing in-depth analysis, the organization continues in its pursuit of excellence.
